

EcoClean Restoration Expands Emergency Services Throughout Baltimore Metro Area

February 27, 2026

TIMONIUM, MD - February 27, 2026 -
EcoClean Restoration, a family-owned damage restoration company based in Baltimore, Maryland, has expanded its emergency restoration services throughout the Baltimore metropolitan area to better serve residential and commercial property owners facing water, fire, mold, and storm damage emergencies.

The expansion strengthens the company's presence across Baltimore County and surrounding communities, ensuring faster response times for property owners dealing with urgent restoration needs. The IICRC-certified restoration company now provides comprehensive coverage across the region, including established service areas in Cockeysville and other northern Baltimore County communities.

"Property damage emergencies require immediate professional attention to prevent further deterioration and potential health hazards," said Cali Wilson, Operations Director at EcoClean Restoration. "This expansion allows us to deliver faster response times and more comprehensive coverage throughout the Baltimore metro area, ensuring property owners receive the urgent assistance they need when disaster strikes."

The expanded service area encompasses numerous Baltimore County communities, with the company maintaining its commitment to 24/7 emergency response for water damage restoration, fire damage restoration, mold remediation, storm damage cleanup, and reconstruction services. The expansion addresses growing demand for professional restoration services as severe weather events and aging infrastructure continue to impact properties throughout the region.

EcoClean Restoration's team of certified technicians utilizes advanced equipment and proven restoration techniques to address various types of property damage. The company's water damage restoration services include comprehensive cleanup, drying, and restoration of areas affected by flooding, leaks, and water-related incidents. Fire damage restoration services encompass soot and smoke damage removal, odor elimination, and complete property restoration to pre-fire conditions.

Mold remediation remains a critical service offering, with the company providing both testing and complete removal services. The restoration process includes identifying mold sources, containing affected areas to prevent spread, removing contaminated materials, and implementing preventive measures to avoid recurrence.

The company also assists property owners with insurance claims navigation, working directly with all major insurance carriers to streamline the restoration process and ensure proper documentation for claim submissions. This comprehensive approach helps reduce stress for property owners during challenging recovery periods.

Storm damage cleanup services have become increasingly vital as severe weather patterns affect the Baltimore region. The company's reconstruction capabilities enable complete restoration of severely damaged properties, including structural repairs and rebuilding services when necessary.

The service expansion includes enhanced coverage in Pikesville and surrounding western Baltimore County areas, where demand for professional restoration services continues to grow. The company maintains its satisfaction guarantee across all service areas, reflecting its commitment to quality restoration work and customer service.

EcoClean Restoration specializes in comprehensive damage restoration services throughout the Baltimore metropolitan area. As an IICRC-certified, family-owned company, EcoClean Restoration provides water damage restoration, fire damage restoration, mold remediation and testing, storm damage cleanup, reconstruction services, and insurance claims assistance. The company operates with 24/7 emergency

response capabilities and accepts all major insurance carriers.
