Las Vegas, NV - ?The Essential Guide to Las Vegas Real Estate: Insights From Top Local Experts? is being published in summer 2016 by Nations Media Group. The book features the leading residential real estate authorities in Las Vegas providing advice on buying, selling and owning properties in the area.

?The Las Vegas region has been one of the fastest growing metro areas in the United States", said Bill Kopatich, President of Nations Media Group. He continued, ?After doing thorough market research, we concluded that there is a need for a comprehensive guide for real estate buyers, sellers and owners in the Las Vegas area.?

?The Essential Guide to Las Vegas Real Estate? covers many important aspects of real estate transactions and ownership, such as selecting an agent, obtaining a mortgage, understanding titles and escrow, insuring property and adding value with remodeling.

Widely know as the entertainment capital of the world, there's a lot more to Las Vegas than the famous Strip and casino resorts. The area offers residences for all tastes and lifestyles. In addition to Las Vegas, the fast-growing cities of Henderson and North Las Vegas each have over 200,000 in population. The master-planned community of Summerlin to the Northwest has grown to include an abundance of residential and recreational amenities. In recent years, a number of high-rise luxury condo properties have been developed on or near the Strip for those that want to live near the action. Lake Las Vegas, a resort-style community, offers lakeside living in the desert. Valley residents enjoy a variety of outdoor activities and there are many golf course and country club communities in the region.

A local real estate expert, contributing advice in the author?s area of specialty, is authoring each chapter. Although the book is focused on the local Las Vegas area, the book and its authors are receiving national media attention.

With many thousands of people moving into the region every year, ?The Essential Guide to Las Vegas Real Estate? will be a resource for newcomers to identify the experts they need to help them find and purchase the ideal property. Existing local homeowners will also find resources and experts providing useful advice for selling and continuing ownership.
