

Miramont Cabinetry Expands Premium Kitchen Cabinet Services Across North Atlanta Suburbs

March 02, 2026

PEACHTREE CORNERS, GA - March 02, 2026 - PRESSADVANTAGE -

Miramont Cabinetry, a specialist in custom cabinetry solutions, has expanded its premium kitchen and bathroom remodeling services throughout the North Atlanta suburbs, offering homeowners access to bespoke European and American-style cabinetry with enhanced 3D design visualization capabilities.

The expansion addresses growing demand for custom cabinetry solutions in Georgia's rapidly developing residential communities, where homeowners increasingly seek personalized storage solutions that combine functionality with sophisticated design. The company's comprehensive approach integrates professional measurement, advanced 3D design technology, and precision installation services.

Miramont kitchen cabinets represent a cornerstone of the company's expanded offerings, featuring both traditional American Shaker Cabinets and contemporary European Cabinetry designs. The Shaker-style options provide timeless appeal with clean lines and elegant finishes, while the European collections offer frameless construction methods that maximize storage space and create seamless, modern aesthetics.

"The evolution of home design has moved beyond standard cabinetry to creating lifestyle transformations through custom solutions," said Arif Zarars?z, Vice President of Miramont Cabinetry. "Our expanded services enable homeowners throughout the Atlanta North suburbs to visualize and realize their ideal living spaces with precision-crafted cabinetry that reflects their unique style and functional needs."

The company's design portfolio encompasses multiple product lines, including Ready-To-Assemble cabinets featuring all-plywood construction, dovetail assembly, soft-closing hinges, and full-extension drawer glides. Each cabinet undergoes a 14-step finishing process utilizing Sherwin-Williams coatings, ensuring durability and consistent quality across all products.

Beyond kitchen installations, Miramont Cabinetry provides comprehensive storage solutions for various residential spaces, including living areas, pantries, mudrooms, utility rooms, and playrooms. The company also supplies complementary products such as butcher block countertops, floating shelves, sinks, faucets, and cabinet accessories to create cohesive design schemes throughout homes.

The expansion of Miramont Kitchen Cabinets particularly benefits interior designers, luxury home builders, and real estate professionals seeking reliable partners for high-end custom cabinetry projects. Through technology-driven design tools, clients can visualize proposed installations before construction begins, reducing project uncertainties and ensuring alignment with aesthetic goals.

As a licensed and insured contractor in Georgia, Miramont Cabinetry maintains strict adherence to construction standards and project timelines. The company's commitment to face-to-face consultations ensures personalized service delivery, distinguishing its approach in an increasingly digital marketplace.

Miramont Cabinetry operates from its Peachtree Corners facility, serving Gwinnett County and surrounding areas including Norcross, Johns Creek, Duluth, Alpharetta, Roswell, Dunwoody, and Sandy Springs. The company specializes in premium cabinetry solutions ranging from kitchen renovations to bathroom vanities and whole-home organization systems, featuring both Shaker Cabinets and European Cabinetry. The company offers both framed and frameless construction options with various wood species, finishes, and hardware selections to accommodate diverse design preferences and budgets.
