

Love Power Equipment and Rentals Expands Bad Boy Mowers Inventory to Meet Growing Regional Demand

February 24, 2026

CHIEFLAND, FL - February 24, 2026 - PRESSADVANTAGE -

Love Power Equipment and Rentals, a leading power equipment dealership serving North Central Florida, has expanded its inventory of commercial zero-turn mowers and all-terrain vehicles to address increased demand from agricultural and commercial customers throughout the region. The Chiefland-based dealership now maintains one of the largest selections of outdoor power equipment in Florida, including multiple models from leading manufacturers.

The expansion comes as commercial landscaping operations and agricultural businesses across North Central Florida seek reliable equipment solutions for the upcoming growing season. The dealership's enhanced inventory includes the complete line of MZ Magnum commercial zero-turn mowers, featuring models with cutting decks ranging from 48 to 60 inches and engine options from Kohler, Kawasaki, and Briggs & Stratton.

"We've seen substantial growth in demand from commercial operators and property owners who need dependable equipment that can handle Florida's unique terrain and climate conditions," said Chad Halleen, owner of Love Power Equipment and Rentals. "Our expanded inventory ensures customers can find the right

equipment configuration for their specific needs, whether they're maintaining large commercial properties or navigating challenging agricultural terrain."

The dealership serves as one of the primary Argo dealers in Florida, offering both recreational and commercial amphibious all-terrain vehicles designed for accessing remote areas and wetlands. These specialized vehicles have gained popularity among hunters, land surveyors, and utility companies that require transportation across varied terrain conditions common throughout Florida's diverse landscape.

Beyond sales, Love Power Equipment and Rentals provides comprehensive support services including parts availability, professional maintenance, and equipment rentals for short-term projects. The dealership's service department maintains factory-certified technicians who specialize in commercial power equipment repair and preventive maintenance programs.

The company has also expanded its pre-owned equipment selection, offering inspected and serviced units that provide cost-effective alternatives for budget-conscious buyers. Each pre-owned unit undergoes thorough inspection and reconditioning to ensure reliable performance.

"Commercial operators and contractors are looking for equipment dealers who understand their business needs and can provide ongoing support," added Halleen. "We've structured our operations to deliver not just equipment sales but complete lifecycle support, from initial purchase through parts and service."

Customers seeking Bad Boy mowers for sale near Jacksonville can visit the Chiefland showroom to compare models and discuss financing options. The dealership offers flexible payment programs designed to accommodate various business budgets and seasonal cash flow patterns.

Love Power Equipment and Rentals operates from its Chiefland facility on US Highway 19 North, serving customers throughout North Central Florida and surrounding regions. The company specializes in commercial power equipment sales, rentals, and service, representing multiple manufacturers including Bad Boy Mowers, Bad Boy Tractors, LiuGong construction equipment, and Suzuki. The dealership maintains extensive parts inventory and offers professional service for all brands carried, supporting agricultural, construction, and landscaping industries throughout the region.
