

MKS Cleaning Solutions Expands Full Service Portfolio to Oakville Residents

February 23, 2026

OAKVILLE, ON - February 23, 2026 -

MKS Cleaning Solutions of Oakville has announced the availability of its comprehensive cleaning service portfolio to residential and commercial clients throughout the Oakville area. The professional cleaning company now provides six distinct service categories designed to meet diverse cleaning needs across the Greater Toronto Area community.

The expanded service offering includes residential house cleaning, condo and apartment cleaning, commercial property maintenance, deep cleaning, move-in and move-out services, and post-construction cleanup. Each service category follows standardized protocols developed by the company to ensure consistent quality across all client properties.

"Our expansion into Oakville represents our commitment to providing professional cleaning services that meet the specific needs of this growing community," said the Director of Operations at MKS Cleaning Solutions. "We have developed comprehensive cleaning protocols for each service category, ensuring that

whether clients need regular house cleaning service oakville residents can rely on or specialized post-construction cleanup, they receive the same high standard of service."

The company's residential cleaning services encompass detailed attention to all living spaces, including bedrooms, bathrooms, kitchens, and common areas. Cleaning teams utilize eco-friendly products while performing tasks such as vacuuming, mopping, dusting, and sanitizing surfaces. For condominium and apartment residents, the company has developed specialized checklists that address the unique requirements of smaller living spaces.

Commercial clients in Oakville can access customized cleaning plans tailored to their specific business environments. The company works with property managers and business owners to develop maintenance schedules that minimize disruption to daily operations while maintaining professional standards.

The deep cleaning service addresses areas not typically covered in regular maintenance, providing intensive cleaning for clients seeking thorough property refreshing. This service has proven particularly valuable for seasonal cleaning requirements and special circumstances requiring enhanced attention to detail.

For property transitions, MKS Cleaning Solutions of Oakville house maid services include specialized move-in and move-out cleaning protocols. These services ensure properties meet cleanliness standards for new occupants, addressing the needs of landlords, property managers, tenants, and homeowners during relocation periods.

Post-construction cleaning represents a specialized service category addressing the unique challenges of construction and renovation debris. The company's teams are trained to handle dust removal, debris cleanup, and detailed cleaning required after construction projects, preparing spaces for safe occupancy.

All cleaning professionals employed by the company undergo comprehensive background checks before joining service teams. The company maintains standardized training programs to ensure consistent service delivery across all client properties. A 24-hour cancellation policy provides flexibility for clients needing to adjust scheduled services.

MKS Cleaning Solutions serves multiple communities across the Greater Toronto Area, including Toronto, Mississauga, Burlington, Milton, and Etobicoke, in addition to its Oakville operations. The company has established its reputation through consistent service delivery and attention to client requirements across residential and commercial sectors.
