Colorado Springs, CO based natural beauty company, Leven Rose, recently launched their new product, 100% pure and natural Coffee Bean Oil. This oil is produced through pressing coffee beans and collecting the powerful and nutrient rich oil into dark amber glass bottles. It can be used for face, body, hair, and can be mixed with other essential oils or natural products for even more results.

Courtney Olson, a spokesperson for the company, states, "Our new Coffee Bean Oil is great for reducing puffiness and dark circles around the eyes, and it smells amazing - just like coffee."

Coffee Bean Oil is known to restore collagen and elastin naturally and because of that, helps restore dark circles under the eyes, eye puffiness, and smooth cellulite. This oil tightens the skin on the face, restoring wrinkles, and is extremely hydrating for hair. Also, the coffee aroma helps to clear nasal passageways and is known to help with depressive symptoms. This oil can be found at <http://www.levenrose.com/products/coffee-bean-oil-1-oz>.

"We use only 100 percent pure cold pressed natural Coffee Bean Oil," Olson says. "Our oil comes from Brazil

and when stored correctly, has a shelf life of two years from the date of purchase."

Also, organic Coffee Bean Oil can be purchased on the Amazon marketplace at <http://www.amazon.com/TRUSTED-Leven-Rose-Coffee-Bean/dp/B017WVJKRI>, and the company states that it is backed with a complete customer satisfaction guarantee.

Leven Rose offers a number of consumer products for sale, most of which can be purchased through the Amazon marketplace.
