

Sun, Fun, and Serious Bounce: Jumpin Joy Party Rentals Is Bringing the Party to Central Texas in 2026

February 26, 2026

Pflugerville, Texas - February 26, 2026 -
Jumpin Joy Party Rentals is expanding its rental catalog ahead of the 2026 spring and summer season, adding new water slides, kids? obstacle courses, and combo bouncers to its existing inventory. The Pflugerville-based company, which has served the greater Austin area for several years, made the additions in response to sustained demand for inflatable party rentals across Central Texas.

The inventory expansion does not involve new hires or facility changes. Rather, it reflects a targeted effort to broaden the company?s product range within its current operational footprint. The new water slides add depth to one of the company?s most in-demand categories during warm months, while the kids? obstacle courses introduce an active, competitive option suited for group events and older children.

The additional combo bouncers ? units that combine a bounce area with an attached slide ? offer event planners greater flexibility within a single rental. ?We pay close attention to what customers are asking for, and it was clear that water slides, obstacle courses, and combos were areas where we needed more

options,? said Jack Rady, owner of Jumpin Joy Party Rentals. ?Adding these units means we can accommodate a wider range of events and age groups. We?re looking forward to a strong spring and summer season across Central Texas.?

The timing of the expansion aligns with broader trends in the event rental industry. Outdoor celebrations have remained consistently popular across Central Texas, driven in part by the region?s extended warm season and continued population growth in communities like Round Rock, Georgetown, Cedar Park, and Pflugerville itself. As more families relocate to the area, demand for local event vendors with established service records has increased alongside it.

Obstacle courses, in particular, represent a category that has seen growing interest from school and youth organization event planners. Unlike traditional bounce houses, which are primarily designed for younger children, inflatable obstacle courses are built to engage a wider age range, including older kids and teenagers who may otherwise disengage at event activities designed for younger guests. For schools, churches, and youth sports organizations, that versatility has practical value when planning events that need to hold the attention of mixed-age groups.

The expanded water slide selection similarly addresses a gap that has been apparent during the peak summer months. Texas heat makes water-based activities among the most requested options from May through September, and having a deeper catalog of slide options ? varying in height, length, and lane configuration ? allows Jumpin Joy to better match equipment to event size and available space. A single-lane slide suited for a small backyard birthday is a different product need than a dual-lane slide for a neighborhood block party, and the 2026 inventory reflects that range.

Corporate and organizational clients have also represented a growing segment of Jumpin Joy?s bookings in recent seasons. Company picnics, end-of-year school celebrations, church festivals, and community appreciation events have all become recurring use cases for the company?s rental inventory. For these clients, the ability to book multiple unit types ? inflatables, games, seating, and concessions ? through a single vendor simplifies event logistics considerably.

Rady noted that the company?s focus remains on the fundamentals that have driven its growth since founding. ?Clean equipment, on-time delivery, and straightforward communication ? that?s what people remember,? he said. ?The new inventory gives us more to offer, but the standard we hold ourselves to doesn?t change regardless of what we?re delivering.?

Founded in Pflugerville, Jumpin Joy Party Rentals has built its client base by focusing on equipment quality, sanitation, and reliable delivery across the region. The company currently serves Austin, Round Rock, Pflugerville, Hutto, Georgetown, Cedar Park, Leander, Manor, Taylor, and surrounding areas, with delivery

available beyond the standard service area by arrangement. Its catalog also includes traditional bounce houses, table and chair rentals, concession machines, and backyard games.

All equipment is inspected and sanitized before each rental. The company?s delivery team manages setup and breakdown on-site and can accommodate grass, concrete, asphalt, and dirt surfaces. Weekend reservations during peak season typically fill two to four weeks in advance.

The full 2026 rental catalog is available at www.jumpinjoypartyrentals.com. Jumpin Joy Party Rentals can also be reached at (512) 825-2525. The company is located at 18318 N Heatherwilde Blvd, Pflugerville, TX 78660.
