GENT Cuts & Grooming Eagen Expands Premium Men's Grooming Services with Enhanced Training Program

March 03, 2026

March 03, 2026 -
GENT Cuts & Grooming Eagen has announced an expansion of its premium grooming services alongside an enhanced continuing education program for its team of professional stylists. The Eagan barbershop, located at Central Park Village, now offers an extended menu of specialized treatments including executive shaves, scalp smoothing services, gray hair blending, and express facials to meet the growing demand for comprehensive men's grooming services in the Twin Cities metro area.

The expansion comes as men's grooming preferences continue to evolve beyond traditional haircuts, with clients seeking more specialized and personalized services. GENT Cuts and Grooming has responded by broadening its service offerings while maintaining its commitment to accessible premium grooming for all clients.

"The modern gentleman expects more than just a haircut - he wants a complete grooming experience that fits his lifestyle and professional needs," said a GENT Cuts & Grooming spokesperson. "Our expanded services and ongoing staff training ensure that whether someone needs a classic cut, beard shaping, or our

signature facial treatments, they receive expert care tailored to their individual requirements."

The Eagan location features a team of six skilled stylists, including Shop Manager Bengie and Quality Ambassador Sarah, who undergo regular continuing education to stay current with the latest techniques and trends in men's grooming. Each service begins with a consultation to understand the client's preferences, followed by a shampoo and conditioning treatment with a relaxing head massage, and concludes with the shop's signature hot towel finish.

Beyond traditional haircuts, the expanded service menu now includes professional beard trims and shaping, eyebrow grooming, neck waxing, and specialized treatments for younger clients. The shop has also introduced groom's party packages to accommodate wedding preparations and special events. These additions position the establishment as a comprehensive destination for those seeking the best haircut for men Eagan has to offer.

The facility operates seven days a week with extended hours to accommodate busy professional schedules, opening as early as 8:00 AM and remaining open until 9:00 PM on select days. Online appointment scheduling allows clients to book services at their convenience across all service categories.

Serving Eagan and surrounding communities including Mendota Heights, Burnsville, Rosemount, Apple Valley, and Lakeville, the shop has established itself as a destination for premium men's grooming in the southern Twin Cities metro. The Central Park Village location provides convenient access for residents throughout Dakota County seeking professional grooming services.

GENT Cuts & Grooming operates multiple locations throughout the Twin Cities metro area, including St. Paul, Minneapolis, Edina, Eden Prairie, and Apple Valley. The company specializes in men's grooming services, professional education, and premium grooming products. Each location maintains the company's standards of excellence through comprehensive staff training programs and a commitment to delivering personalized service to every client.
