Love Power Equipment Expands Tractor Inventory to Meet Growing Agricultural Demand

April 17, 2026

HOMOSASSA, FL - April 17, 2026 -
Love Power Equipment, a leading agricultural equipment dealer based in Homosassa, Florida, has announced an expansion of its tractor and construction equipment inventory to address increasing demand from agricultural and construction sectors throughout central Florida. The dealership has enhanced its selection of both new and pre-owned equipment, positioning itself as a primary resource for farmers, contractors, and property owners seeking reliable machinery.

The expansion comes as agricultural operations and construction projects throughout the region continue to grow, driving demand for quality equipment. Love Power Equipment now maintains one of the largest inventories of agricultural machinery in the area, serving as one of the premier tractor dealers near Tampa with an extensive selection of New Holland tractors, Bad Boy mowers, and various construction equipment models.

"The agricultural and construction industries in central Florida are experiencing significant growth, and we've responded by expanding our inventory to ensure customers can find the equipment they need when they need it," said Chad Halleen, Owner of Love Power Equipment. "Our focus remains on providing quality

equipment options that help our customers operate efficiently, whether they're managing large agricultural operations or handling construction projects."

The dealership's expanded inventory includes a comprehensive range of New Holland Workmaster Compact and Utility series tractors, featuring models from 25 to 70 horsepower suitable for various agricultural applications. Additionally, Love Power Equipment has increased its selection of used excavators for sale in Florida, recognizing the growing demand from construction companies and contractors seeking cost-effective equipment solutions.

Beyond inventory expansion, Love Power Equipment has enhanced its service capabilities to support the full lifecycle of equipment ownership. The dealership offers comprehensive maintenance services, OEM parts availability, and financing options designed to make equipment acquisition accessible for operations of all sizes. Their service department provides detailed inspections on all pre-owned equipment, ensuring reliability and performance standards are met before sale.

The Homosassa-based dealership has also implemented flexible purchasing options, including trade-in programs that allow customers to upgrade their existing equipment. Equipment demonstrations can be scheduled, enabling potential buyers to evaluate machinery performance before making purchasing decisions.

"We understand that investing in agricultural or construction equipment represents a significant decision for our customers," added Halleen. "That's why we've structured our operations to provide not just equipment sales, but comprehensive support throughout the ownership experience, from initial financing through long-term maintenance."

Love Power Equipment carries multiple equipment brands including Bad Boy Tractors, Bad Boy Mowers, New Holland AG, and New Giant, offering customers diverse options to match specific operational requirements. The dealership maintains both new and certified pre-owned inventory, with financing available for qualified buyers.

Established as a trusted agricultural equipment dealer in Homosassa, Florida, Love Power Equipment serves the central Florida region with new and pre-owned tractors, mowers, excavators, and construction equipment. The dealership provides comprehensive services including equipment sales, parts distribution, maintenance services, and financing solutions for agricultural and construction industry customers.
