

Georgia Spine & Orthopaedics Receives GA Spine & Ortho Best of 2025 Recognition

March 04, 2026

ATLANTA, GA - March 04, 2026 -
Georgia Spine & Orthopaedics has received the GA Spine & Ortho Best of 2025 Recipient award in the Orthopedic Surgery Practice category from the Georgia Business Journal. The recognition was determined through a community voting process conducted by the publication.

The Best of Georgia awards program allows patients and community members to cast votes for healthcare providers and businesses across multiple categories. Winners undergo verification to maintain the integrity of the recognition program administered by the Georgia Business Journal.

Founded in 2015 by board-certified orthopedic spine surgeon Dr. Erik Bendiks, Georgia Spine & Orthopaedics operates nine locations across Atlanta, Roswell, Marietta, Suwanee, Tucker, Stockbridge, College Park, Columbus, and Dalton. The practice employs board-certified orthopedic surgeons, a neurologist, and physical medicine and rehabilitation physicians.

"The GA Spine & Ortho Best of 2025 Recipient recognition reflects the participation of patients in the Georgia Business Journal's annual voting process," said Dr. Erik Bendiks, founder and board-certified

orthopedic spine surgeon at Georgia Spine & Orthopaedics. "Our multidisciplinary team treats motor vehicle collision injuries, workplace injuries, and spine conditions across nine locations. This award marks our tenth year serving the Atlanta metropolitan area."

Dr. Bendiks was also named a 2025 Castle Connolly Top Doctor of Atlanta, a designation placing him among the top seven percent of physicians across the United States based on board certification, peer recommendations, and patient care standards.

Georgia Spine & Orthopaedics specializes in treating motor vehicle collision and work-related injuries through a multidisciplinary approach combining diagnostics, targeted interventions, and rehabilitative therapies. The practice has received more than 500 five-star patient reviews across its locations.

The practice offers orthopedic surgery, spine care, pain management, physical therapy, neurology services, medical injections, endoscopic rhizotomy, X-ray imaging, and chiropractic partner services. The medical team develops treatment plans for musculoskeletal conditions ranging from acute injuries to chronic pain conditions.

As a Best of 2025 Recipient, Georgia Spine & Orthopaedics joins other recognized healthcare providers in the orthopedic surgery practice category. The award announcement coincides with the practice's expansion of services across its nine Georgia locations.

Georgia Spine & Orthopaedics serves patients involved in personal injury and workers' compensation cases. The practice does not bill government or commercial health insurance plans, focusing instead on coordination with legal representatives and case managers involved in patient care.

The practice's multidisciplinary model allows patients to access orthopedic surgeons, spine specialists, neurologists, and rehabilitation physicians within one organization. This integrated approach addresses the complex needs of patients recovering from motor vehicle collisions and workplace injuries.
