

USA Cabinet Store Expands Bathroom Remodeling Services to Falls Church Following NKBA Award Recognition

March 05, 2026

FAIRFAX, VA - March 05, 2026 -
USA Cabinet Store, recognized with the NKBA Innovative Showroom Award at KBIS 2026, is expanding its bathroom remodeling services to Falls Church, Virginia, through its Fairfax showroom. The company is deploying a dedicated regional designer model to serve homeowners in this Northern Virginia community, where median home values range from $750,000 to over $1 million.

The expansion addresses the unique needs of Falls Church residents, where bathroom remodel costs significantly exceed national averages. Local market data indicates that full bathroom renovations in the area typically range from $18,000 to $35,000 for family bathrooms, with luxury master suite transformations exceeding $60,000. USA Cabinet Store's 2026 Fairfax County bathroom cost guide notes that professionally managed projects commonly fall between $17,000 and $35,000, with spa-style spaces surpassing $70,000.

The regional designer model assigns a single point of contact to manage all aspects of a project ?

consultations, design development, product selections, permit guidance, and installation oversight. A similar model was successfully introduced in nearby Merrifield earlier in 2026.

"The Falls Church market presents distinct challenges for homeowners planning bathroom renovations, particularly given the substantial investment required compared to other regions," said Emin Halac, CEO of USA Cabinet Store. "Our NKBA-recognized design expertise and regional designer approach provides residents with clearer bathroom remodeling estimates and a more predictable renovation process, which is essential when managing projects of this scale."

With national surveys indicating that homeowners frequently delay or scale back bathroom renovations due to cost uncertainty, USA Cabinet Store's structured approach aims to provide greater transparency and project management support. The company's comprehensive bathroom remodeling services encompass complete renovations, modern design implementations, and space optimization solutions designed to enhance daily living experiences.

The expansion represents part of USA Cabinet Store's ongoing 2026 initiative to bring its nationally recognized design approach to specific local markets. The company's Fairfax showroom serves as the hub for this regional expansion, leveraging its NKBA award-winning status to deliver enhanced service to Northern Virginia communities.

"By pairing Falls Church residents with a dedicated regional bathroom designer, we're making these high-stakes projects easier to plan, estimate, and complete," added Halac. "This personalized approach has proven successful across our 14 showroom locations, and we're confident it will serve the Falls Church community well."

USA Cabinet Store has been providing kitchen and bathroom remodeling services since 2011, operating 14 showrooms across Virginia, Maryland, North Carolina, Texas, New Jersey, Missouri, Florida, and Tennessee. The company specializes in complete kitchen and bathroom transformations, custom cabinetry solutions, and comprehensive design services. With more than 1,000 satisfied customers according to recent trust index reports, USA Cabinet Store combines quality construction capabilities with personalized project oversight from concept to completion.
