

OA Design Marketing Ltd Expands Flooring Services Throughout Maidenhead and Berkshire Region

March 27, 2026

BERKSHIRE, UK - March 27, 2026 - PRESSADVANTAGE -

OA Design Marketing Ltd, operating as Edge To Edge Home (Flooring Berkshire) - Flooring Maidenhead, has announced the expansion of its comprehensive flooring services to meet growing demand across the Maidenhead and greater Berkshire region. The company now offers an enhanced selection of residential and commercial flooring solutions, including hardwood, luxury vinyl tile, laminate, and carpet options, alongside specialized restoration and renovation services.

The expansion comes as property owners and businesses throughout Berkshire seek professional flooring solutions that balance durability, aesthetic appeal, and long-term value. The company has broadened its service portfolio to include floor sanding, carpet whipping and binding, and complete floor restoration services, addressing the full spectrum of flooring needs for both new installations and existing floor improvements.

"The demand for quality flooring services in Maidenhead and the surrounding Berkshire areas has grown significantly as property owners recognize the impact that professional flooring has on both property value and daily comfort," said Oliver Andrews, Director at OA Design Marketing Ltd. "Our expanded services ensure that whether clients need commercial-grade solutions for high-traffic areas or elegant residential installations, we can provide expert guidance through material selection, style options, and installation methods."

The company's residential services encompass wood flooring, laminate flooring, and luxury vinyl tile installations, each selected and installed to meet specific household requirements. For commercial clients, the firm provides specialized commercial wood flooring, commercial laminate flooring, and commercial luxury vinyl tile solutions designed to withstand heavy foot traffic while maintaining professional appearance standards.

Beyond standard installation services, the company has developed expertise in floor restoration and renovation, helping property owners revitalize existing floors rather than requiring complete replacement. This

approach offers cost-effective solutions while maintaining the character and integrity of original flooring materials when possible.

The expansion includes coverage across multiple Berkshire locations, ensuring local availability of professional flooring services throughout the region. Each project receives individualized attention, from initial consultation through final installation, with emphasis on matching flooring solutions to specific space requirements, usage patterns, and design preferences.

Commercial spaces benefit from the company's understanding of business flooring requirements, including durability specifications, maintenance considerations, and compliance with commercial building standards. The firm works with various sectors, providing flooring solutions tailored to retail spaces, offices, hospitality venues, and other commercial environments.

OA Design Marketing Ltd combines traditional craftsmanship with modern flooring technologies and materials. The company maintains relationships with leading flooring manufacturers, ensuring access to quality materials across various price points. This approach allows clients to select flooring options that align with both their aesthetic vision and budget requirements.

The company's comprehensive approach includes pre-installation assessment, professional installation by trained technicians, and guidance on proper maintenance to maximize flooring lifespan. This full-service model has established the firm as a trusted flooring provider throughout the Berkshire region, serving both residential homeowners and commercial property managers seeking reliable flooring solutions.
