

7 West Hair Designers Introduces Extended Evening Hours for Working Clients in Denville, New Jersey

March 05, 2026

DENVILLE, NJ - March 05, 2026 -

7 West Hair Designers, a full-service hair salon at 7 W Main Street in Denville, New Jersey, has introduced extended weeknight hours, with appointments now available Tuesday through Thursday until 9 p.m. The schedule change positions 7 West Hair Designers as one of the few hair salons in the Denville area offering late evening availability, giving working professionals, parents, and commuters throughout Morris County access to professional hair services without disrupting their daytime schedules.

The extended hours are a direct response to feedback from the salon?s client base across Denville, Parsippany, Rockaway, Mountain Lakes, and neighboring communities. Many clients with standard 9-to-5 work schedules had limited access to weekday appointments, leaving Saturday as the only realistic option for haircuts, color services, and smoothing treatments. By adding evening availability on three weeknights, 7 West Hair Designers has significantly expanded the number of appointment slots accessible to working households in Morris County.

The evening appointments cover the salon?s complete service menu. Clients booking after traditional business hours have access to the same full range of offerings available during daytime slots, including women?s, men?s, and children?s haircuts; hair color services such as balayage, foil highlighting, double process color, lowlights, and fantasy colors; Brazilian Blowout and keratin treatments; Japanese straightening; perms; hair extensions; hair treatments; and paraffin wax hand treatments. Bridal hair and prom hair styling appointments are also available during evening hours by arrangement. No services have been restricted or limited to daytime-only scheduling.

For clients seeking hair color services such as balayage or foil highlights, evening availability removes a scheduling barrier that has historically pushed demand toward weekends. Color appointments at a full-service hair salon frequently run two hours or more depending on the technique involved, making them impractical during a lunch break or short after-work window. The salon?s extended weeknight hours give clients the time they need to complete a full color service, a smoothing treatment, or a cut-and-color combination without the pressure of a compressed schedule. This is particularly relevant for clients in Parsippany and Rockaway who commute and have limited flexibility during daylight hours.

?We kept hearing from clients in Parsippany and Rockaway that they wanted to come in but couldn?t get away during the day,? said Daniel Palazzolo, owner of 7 West Hair Designers. ?Extending into the evenings means someone finishing a long workday can still make it in for a color service or a Brazilian Blowout without having to rearrange their entire week to do it.?

The expanded schedule reflects a broader commitment by 7 West Hair Designers to remove friction from the client experience. The salon serves a wide geography across Morris County, drawing clients from Boonton, Morris Plains, Jefferson, and Mountain Lakes in addition to its home community of Denville. Hair salons across the region have faced increasing competition for weekend appointment time, and the addition of reliable weeknight hours gives 7 West Hair Designers a practical advantage for clients who prioritize convenience and schedule flexibility when choosing where to book their next color service or haircut.

New and returning clients scheduling their first evening appointment are encouraged to call ahead to discuss the service they have in mind. For longer appointments such as balayage, Brazilian Blowout, or keratin treatments, the salon recommends booking in advance to secure a preferred evening time. Walk-in availability during evening hours will depend on stylist capacity on a given night. The salon?s team handles consultations before any chemical service to ensure the recommended treatment is appropriate for the client?s current hair condition and history.

7 West Hair Designers is located at 7 W Main Street in downtown Denville and is now open Tuesday through
