

Edge To Edge Home Flooring Highlights Premium Flooring Solutions for Home and Commercial Properties

April 13, 2026

BERKSHIRE, UK - April 13, 2026 - PRESSADVANTAGE -

OA Design Marketing Ltd, operating as Edge To Edge Home Flooring, has emphasized its comprehensive range of flooring solutions designed to meet the diverse needs of residential and commercial clients throughout Berkshire and surrounding areas. The company specializes in providing tailored flooring installations that balance durability, comfort, and visual appeal for properties across the region.

The flooring specialist offers an extensive selection of materials, including hardwood, laminate, luxury vinyl tile (LVT), luxury vinyl plank (LVP), carpet, and linoleum options. Each flooring solution is carefully selected to meet specific requirements, whether for high-traffic commercial spaces or comfortable residential environments. The company's services extend beyond installation to include floor restoration, renovation, and specialized repair work.

"We understand that flooring is a significant investment that impacts both the functionality and aesthetic appeal of any space," said Oliver Andrews, Director at OA Design Marketing Ltd. "Our approach combines traditional craftsmanship with modern installation techniques to ensure each project delivers lasting value and satisfaction for our clients."

For residential properties, the company provides customized solutions that consider factors such as lifestyle, foot traffic patterns, and design preferences. Commercial clients benefit from flooring options specifically engineered to withstand heavy use while maintaining professional appearance standards. Healthcare facilities, retail spaces, and office environments each receive specialized attention to ensure flooring choices meet industry-specific requirements.

The company's expertise extends to floor sanding and restoration services, allowing property owners to revitalize existing wooden floors rather than replacing them entirely. Additional specialized services include carpet whipping and binding, providing comprehensive flooring maintenance and repair options.

Edge To Edge Home (Flooring Berkshire) - Flooring Datchet represents one of the company's key service areas, where local property owners have access to the full range of flooring solutions and expert consultation. The Datchet location serves as a hub for both residential and commercial flooring projects throughout the surrounding communities.

The selection process involves detailed consultation to help clients navigate material options, style preferences, and installation methods. Technical considerations such as subfloor preparation, moisture barriers, and acoustic underlayments are addressed to ensure optimal performance and longevity of the installed flooring.

Commercial projects receive particular attention to compliance with safety standards and accessibility requirements. The company works with various business sectors to provide flooring solutions that meet both practical needs and brand aesthetic requirements.

OA Design Marketing Ltd maintains partnerships with leading flooring manufacturers to ensure access to quality materials and the latest innovations in flooring technology. This includes environmentally conscious options and materials designed for specific applications such as wet areas or high-impact zones.

The company serves multiple locations throughout Berkshire, providing consistent quality and service standards across all project sites. Each installation is backed by professional expertise developed through years of experience in the flooring industry.
