

OA Design Marketing Ltd Expands Premium Flooring Services Across Berkshire and Poyle Region

May 08, 2026

BERKSHIRE, UK - May 08, 2026 - PRESSADVANTAGE -

OA Design Marketing Ltd, operating as Edge To Edge Home, has announced the expansion of its comprehensive flooring services throughout Berkshire, with particular focus on serving residential and commercial clients in the Poyle area. The company specializes in providing premium flooring solutions ranging from luxury vinyl tile installations to traditional hardwood flooring systems.

The expansion addresses growing demand for professional flooring services in the region, where property owners increasingly seek durable and aesthetically appealing flooring options. Edge To Edge Home (Flooring Berkshire) - Flooring Poyle services now encompass a broader range of materials and installation techniques, catering to diverse client requirements across residential homes, commercial offices, and retail spaces.

"The flooring industry has evolved significantly over recent years, with new materials and installation methods transforming how spaces are designed and utilized," said Oliver Andrews, Director at OA Design Marketing Ltd. "Our expanded services in Poyle and throughout Berkshire reflect our commitment to bringing these innovations to local property owners while maintaining the craftsmanship and attention to detail that defines quality flooring installation."

The company's service portfolio includes luxury vinyl tile (LVT), engineered wood flooring, commercial-grade carpet systems, and specialized safety flooring for industrial applications. Each flooring type serves specific functional and aesthetic requirements, from the durability needs of high-traffic commercial spaces to the comfort preferences of residential properties.

Residential clients benefit from extensive material options including premium hardwood installations, water-resistant luxury vinyl plank systems, and traditional carpet solutions. The company provides consultation services to help homeowners select appropriate materials based on lifestyle factors, maintenance preferences, and design objectives.

Commercial projects receive specialized attention with flooring solutions engineered to withstand heavy foot traffic while maintaining professional appearance standards. The company's commercial division handles installations for offices, retail establishments, educational facilities, and healthcare environments throughout the Berkshire region.

Beyond installation services, the company offers comprehensive flooring maintenance programs, restoration services for existing floors, and repair solutions for damaged surfaces. These additional services ensure clients can maintain their flooring investments over extended periods, maximizing both appearance and functionality.

The Poyle service area expansion includes coverage of surrounding communities such as Binfield, Warfield, Winkfield, Bracknell, and Popeswood. This geographic extension enables more property owners to access professional flooring services without the delays often associated with contractors traveling from distant locations.

OA Design Marketing Ltd combines traditional flooring craftsmanship with modern installation techniques and materials. The company maintains partnerships with leading flooring manufacturers to ensure access to quality materials and the latest product innovations. Their approach emphasizes balancing durability requirements with aesthetic preferences while adhering to industry standards for installation and safety.

Established as a specialist flooring contractor, OA Design Marketing Ltd operates throughout Berkshire under the Edge To Edge Home brand. The company serves both residential and commercial sectors with comprehensive flooring solutions including supply, installation, maintenance, and restoration services.
