Buy Tical Introduces Limited Edition 30th Anniversary Safebox Humidor for Marijuana Storage

July 07, 2026

STATEN ISLAND, NY - July 07, 2026 -
Buy Tical, the premium streetwear brand that merges hip hop culture with cannabis lifestyle, has introduced a limited edition 30th Anniversary Storage Lock Box featuring an innovative safebox humidor for marijuana preservation. The luxury storage solution combines functional cannabis accessories with the brand's signature aesthetic, marking three decades of cultural influence in both hip hop fashion and cannabis culture.

The handcrafted wooden storage box represents a convergence of practical cannabis storage needs and collectible streetwear culture. Limited to only 200 units worldwide, each box includes an autographed certificate from Method Man, custom glass jars, a premium flower grinder, and various TICAL-branded accessories housed within a bronze vegan-leather interior. The unit features both key and combination lock security, addressing growing consumer demand for secure, sophisticated cannabis storage solutions.

"This anniversary edition represents everything TICAL stands for - quality craftsmanship, cultural authenticity, and the intersection of hip hop and cannabis culture," said Joshua "Raz" Rassin, TICAL co-founder and COO. "We've created more than just a storage solution; it's a collector's piece that reflects thirty years of influence in both streetwear and cannabis communities."

The release aligns with broader market trends showing increased demand for premium cannabis accessories as legalization expands across North America. Industry analysts have noted a growing market for luxury cannabis storage solutions that move beyond basic functionality to incorporate design elements from fashion and lifestyle brands.

Buy Tical's expansion into premium cannabis accessories complements its established designer streetwear collections, which include limited-production t-shirts, hoodies, and accessories. The brand has consistently drawn from hip hop culture and Method Man's iconic influence to create pieces that resonate with both fashion enthusiasts and cannabis consumers.

The storage box measures 13 inches by 10 inches by 6.5 inches and features hand-painted detailing throughout. Each unit includes a one-year limited warranty and ships internationally, though the company notes that international customers will be responsible for any applicable customs charges. Pre-orders are currently being accepted with shipping expected to begin in late spring 2025.

The anniversary edition reflects TICAL's philosophy of Taking Into Consideration All Lives, a principle that has guided the brand since its inception. This ethos extends throughout their product line, from streetwear collections to lifestyle accessories, creating a cohesive brand identity that spans multiple consumer categories.

Buy Tical continues to operate primarily through its e-commerce platform, offering exclusive merchandise drops and limited-edition collaborations. The brand maintains an active presence across social media platforms, engaging with a community that spans hip hop fans, streetwear collectors, and cannabis enthusiasts. Their product range includes everything from graphic t-shirts and snapback hats to specialized accessories, all produced in limited quantities to maintain exclusivity.

The company's approach to merging cannabis culture with hip hop fashion represents a broader trend in streetwear, where brands increasingly draw from multiple cultural influences to create unique market positions. This strategy has enabled Buy Tical to differentiate itself in both the competitive streetwear market and the emerging premium cannabis accessories sector.
