

Youssi Custom Homes of Iowa Introduces Interactive Virtual Tours for Single Family Homes Development

March 13, 2026

BETTENDORF, Iowa - March 13, 2026 -

Youssi Custom Homes of Iowa has launched interactive virtual tours featuring comprehensive walkthrough videos for prospective buyers interested in exploring ranch villas and condominiums at The Condos at Forest Grove Crossing development in Bettendorf. The digital initiative provides potential homeowners with detailed remote viewing capabilities of floor plans, architectural features, and premium finishes before scheduling property visits.

The virtual tour platform showcases the development's ranch-style villas spanning 1,446 square feet with full unfinished basements, alongside condominium options ranging from 1,313-square-foot two-bedroom units to 1,565-square-foot three-bedroom layouts. Each virtual walkthrough highlights the craftsman-style exteriors, nine-foot ceilings, luxury vinyl plank flooring, and Cambria quartz countertops that come standard in all residences.

"The addition of interactive walkthrough videos represents our commitment to making the home buying

process more accessible and transparent for families considering The Condos at Forest Grove Crossing," said Shane Youssi, President of Youssi Custom Homes of Iowa. "Prospective buyers can now explore every detail of our homes from anywhere, gaining a comprehensive understanding of the quality and craftsmanship we deliver before visiting the property."

The development sits within the Pleasant Valley School District, recently recognized as the top school district in the state according to MSN rankings. This educational distinction adds significant value for families seeking quality homes in academically strong communities throughout the Quad Cities region, which encompasses Davenport, Bettendorf, Rock Island, and Moline.

Beyond the virtual tours, the company maintains an active digital presence through its website at ychomesofiowa.com, Facebook page at facebook.com/YCHomesOfIowa, and Instagram account at instagram.com/ychomesofiowa, where interested buyers can access additional information about available properties and construction updates. This comprehensive digital strategy reflects the evolving expectations of modern home buyers who increasingly rely on online resources during their property search.

The virtual tour feature arrives as the residential construction industry adapts to changing buyer preferences and technological advancements. This article highlights how builders are leveraging digital tools to enhance the home buying experience while maintaining the personal touch that defines custom home construction. The news article demonstrates the ongoing evolution of real estate marketing in response to consumer demands for greater accessibility and transparency.
