

Wilkins RV Spotlights 2026 Heartland Prowler Travel Trailer Lineup Featuring 2500BH

March 20, 2026

BREWERTON, NY - March 20, 2026 - PRESSADVANTAGE -

Wilkins RV has added the 2026 Heartland Prowler travel trailer lineup to inventory at its Brewerton location, including the 2500BH model configured as a bunkhouse floorplan. The 2500BH measures 27 feet 7 inches in overall length, with a dry weight of 4,225 pounds, a hitch weight of 485 pounds, and a GVWR of 6,000 pounds. The unit accommodates up to eight sleepers through a front queen bed, rear double-over-double bunks, and a jackknife sofa conversion. Standard features encompass a private bath, two-burner cooktop, 12-foot power awning, 13,500 BTU roof-mounted air conditioning on dual-axle configurations, 12V refrigerator, tankless water heater, and 19,000 BTU furnace. Capacities include 52 gallons of fresh water and 39 gallons each for gray and black tanks.

The 2500BH forms part of the Prowler series offered by Heartland RV, a manufacturer known for quality and craftsmanship. The model's specifications position it for towing by many mid-size vehicles while providing layout options for family group accommodations. With its efficient use of space and comfortable amenities, it appeals to families seeking adventure. Availability at the Brewerton dealership enables regional customers to

inspect the unit in person as part of the current stock. Customers can explore additional features, such as modern appliances and spacious sleeping areas. This placement reflects ongoing inventory updates to include recent model-year offerings from partnered brands.

Frank DiGraci, the General Manager at the Wilkins RV Brewerton location, addressed the model's configuration. "This camper is for families looking to enjoy weekend getaways. It offers a practical layout with enough space to stay comfortable and entertained, even on rainy days. Its size makes it easy to access a wide range of state and local parks, giving you more flexibility in where you travel. Equipped with the essential amenities, it's built for simple, family-focused trips so you can spend less time worrying about logistics and more time enjoying the experience."

The Prowler series, including the 2500BH Lynx Edition variant, appears in 2026 model-year documentation from Heartland RV, with the lineup positioned for value-oriented travel trailer applications. The Brewerton location's inclusion of this model supports local access to the series without requiring travel to other dealership sites. This makes it easier for potential buyers to explore their options right in their community, ensuring they can find the perfect fit for their adventures. With a focus on affordability and quality, the Prowler series aims to meet the needs of both seasoned RV enthusiasts and newcomers eager to experience the joys of camping and travel.

Wilkins RV operates as a family-owned dealership with origins in 1936, when Charles Wilkins began an auto detailing business in Hornell, New York. The transition to recreational vehicle sales occurred in the 1950s, with subsequent leadership from Ron Wilkins starting in the early 1960s. Under his guidance, the dealership grew significantly, establishing a reputation for customer service and quality. Brian Wilkins assumed ownership in 2004 as the third generation and directed expansion to six New York locations: Brewerton, Bath, Waterloo, Churchville, Nichols, and Syracuse, each offering a wide range of RV models and accessories.

The dealership provides new and pre-owned units from brands including Heartland RV, Grand Design RV, Jayco RVs, Alliance RV, Forest River RV, Newmar Motor Coaches, Gulf Stream RV, and Coachmen RV, covering travel trailers, fifth wheels, motorhomes, and toy haulers. Additional services include rentals, parts, service, collision repair, and financing for customers in the surrounding areas.
