Rivera Tennis Academy Announces Fourth UTR Spring Circuit Tournament in TX

April 08, 2026

Spring, Texas - April 08, 2026 -
Rivera Tennis Academy announces the fourth tournament in its Universal Tennis Rating Spring Circuit series, scheduled for February 21st at the Forest Oaks Swim & Racquet Club facility. The upcoming competition continues the academy's commitment to providing competitive playing opportunities for tennis players of all skill levels in the greater Houston area.

The tournament will feature co-ed singles matchplay with specialized brackets designed to accommodate players across the skill spectrum, including a dedicated division for players with a UTR of 1.5 or lower. This inclusive format ensures competitive matches for beginners through advanced players, supporting the academy's mission of making competitive tennis accessible to the entire community.

The Tennis Academy in Spring TX has structured the tournament to maximize playing time for all participants, with multiple match guarantees ensuring value for every competitor. Registration fees are set at $62.50 for non-members and $50 for academy members, with special discounted rates available for the 1.5 UTR division to encourage newer players to experience tournament competition.

"The UTR tournament format creates perfectly matched competitions where every player can experience meaningful matches regardless of their current skill level," said Alfredo Rivera, Academy Director and former ATP and Davis Cup player. "Our Spring Circuit series has grown tremendously since October, and we're seeing players improve their ratings and confidence with each event."

Players interested in participating can register for the UTR Tennis Tournament through the official UTR Sports platform, where they can also track their rating progress and connect with other players in the tennis community. The registration process includes bracket selection based on current UTR ratings, ensuring appropriate placement for optimal competition.

The tournament represents the latest offering from Rivera Tennis Academy's comprehensive program structure, which includes junior development, adult instruction, elite training, and homeschool programs. Under Rivera's leadership, drawing from his experience competing at the highest levels of professional tennis, the academy has established itself as a premier training destination for players seeking to advance their skills and competitive standing.

The February 21st event continues a successful tournament series that began in October 2025 and runs through January 2026, with this fourth installment expected to draw participants from throughout the Spring area and beyond. The academy's location at Forest Oaks Swim & Racquet Club provides professional-grade courts and facilities that meet UTR standards for sanctioned events.

"Tournament play accelerates player development in ways that regular practice cannot replicate," Rivera noted. "The pressure situations, match strategy decisions, and competitive atmosphere of our Tennis Tournament in Spring Texas provide invaluable experience that translates directly to improved performance."

Rivera Tennis Academy operates as a full-service tennis institution offering instruction for all ages and skill levels. The academy provides junior and kids tennis lessons, adult group and private instruction, elite player development, and specialized homeschool programs. In addition to its instructional services, the academy maintains a pro shop with Babolat equipment and offers professional stringing services. The academy has earned consistent five-star ratings from students and parents who cite the quality of instruction, supportive environment, and measurable skill improvement as key strengths of the program.
