

Wilkins RV Stocks 2026 Alliance RV Paradigm 312RK Fifth Wheel at Syracuse Location

April 02, 2026

CICERO, NY - April 02, 2026 - PRESSADVANTAGE -

Wilkins RV has stocked the 2026 Alliance RV Paradigm 312RK fifth wheel at its Syracuse location. The arrival of this unit marks the addition of a new rear-kitchen floorplan to the dealership inventory for the 2026 model year.

The 2026 Alliance RV Paradigm 312RK fifth wheel measures 34 feet 11 inches in length and features three slide-outs. Its rear kitchen includes solid-surface countertops along with residential-style appliances such as a 12V refrigerator and Lusso range. Storage options incorporate a large pantry equipped with LED motion lighting. The central living area provides opposing slide-outs, theater seating, a tri-fold sofa, an entertainment center, and a fireplace. The front private master suite contains a king bed, wardrobe storage, and a bathroom with a large shower. The unit offers a dry weight of 13,560 pounds, a hitch weight of 2,772 pounds, a GVWR of 16,000 pounds, and tank capacities of 98 gallons fresh, 106 gallons gray, and 53 gallons black. It sleeps up to four.

This configuration represents a new floorplan addition to the Paradigm series from Alliance RV, a brand carried by the dealership. The rear-kitchen layout in a unit under 35 feet long supports access to a wider range of campgrounds and national parks while maintaining residential-style amenities suitable for extended stays. The 2026 series incorporates manufacturer updates that include a central water manifold system for improved pressure control and access, a dual-stage BLU Tech water filter with OFFGRID protection, preparation for Starlink connectivity, and a redesigned front closet that accommodates stackable washer/dryer units in applicable configurations. These refinements address input from full-time RVers regarding system functionality and convenience during prolonged use.

Carson Votra, General Manager of Wilkins RV Syracuse, addressed the addition of the model to inventory. "The 2026 Alliance RV Paradigm 312RK provides strong livability in a compact fifth wheel. The floor plan delivers a balance of space utilization and residential features developed through extensive feedback from full-time users."

Alliance RV developed the Paradigm series based on input from thousands of full-time RVers to address common concerns with running gear, wiring, and other components. The 312RK floorplan has received attention in early 2026 reviews for its kitchen layout and overall space utilization within a compact fifth wheel design. Manufacturer suggested retail pricing for the 2026 Paradigm 312RK starts at \$127,772. This base MSRP reflects the standard configuration, with final pricing varying based on optional features or dealer-installed equipment. The model is currently in stock at the Syracuse location.

The stocking of this unit at Syracuse expands the dealership selection of mid-profile fifth wheels equipped with updated 2026 features. It provides regional customers with an option that balances towability and interior space in the fifth wheel category.

Wilkins RV operates as a family-owned dealership established in 1936, when Charles Wilkins started an auto detailing business in Hornell, New York. The company moved into recreational vehicle sales in the 1950s, with Ron Wilkins leading expansion from the early 1960s. Brian Wilkins took ownership in 2004 as the third generation and expanded to six locations across New York: Syracuse, Bath, Brewerton, Waterloo, Churchville, and Nichols. The dealership offers new and pre-owned RVs from manufacturers including Alliance RV, Grand Design RV, Jayco RVs, Keystone RV, Forest River RV, Newmar Motor Coaches, Gulf Stream RV, and Coachmen RV, in categories such as fifth wheels, travel trailers, motorhomes, and toy haulers. Services cover sales, rentals, parts, service, collision repair, and financing for customers in the area.
