Global Dive Academy Punta Cana, a PADI 5* Dive Resort located in the Dominican Republic, has announced that they have launched their new Global Dive Academy Punta Cana website. Through this website, people can book not just scuba diving trips in the Dominican Republic, but they can also book for diving certification courses as well. The Dutch owned and operated company offers all levels of training courses through the PADI system as well as a very well planned internship program for all the divers that want to take their Divemaster and/or IDC course.

Piet Van De Ven, owner of Global Dive Academy Punta Cana, says: "Diving is a way of life, and there simply isn't a better place to get acquainted with that way of life than the Caribbean. We want to offer people the opportunity to see the hidden world, the world under the surface of the Caribbean blue sea. And we know they will love it, which is why we also offer full diving certification packages. Once you get a taste for diving, it stays with you forever."

As part of their website launch, the company has also launched the Global Divers Punta Cana Facebook page. They encourage everyone to like this page, as it will provide them with an opportunity to stay up to date

with company developments. Furthermore, it means people can share their own diving experiences, show off their pictures, provide the community with advice, and more.

Although the Facebook page has only been recently launched, it has already attracted many 'Likes', and some people have taken the opportunity to review the service provided to them by Global Divers. "The place to be for all divers, snorkelers and everybody else who loves the ocean or just likes to visit some of the most beautiful places in paradise," says Hollger S Son on the page. "And highly recommended to everyone who thinks about a career as a dive master or dive instructor. The professional staff of Global Dive Academy will surely lead you to your goals. If you Go Pro, go with course director Piet van de Ven and Global Dive Academy Punta Cana."

The Global Dive Academy Punta Cana Google+ page has also been launched. This provides people with yet another opportunity to find out more about the courses and the various services provided.
