

Keathley Landscaping Expands Luxury Custom Pergola and Patio Cover Services

April 10, 2026

GARLAND, TX - April 10, 2026 -
Keathley Landscaping has expanded its outdoor living construction services to meet growing demand for custom-designed pergolas and covered patio structures throughout the Wylie, Texas area. The full-service landscaping company, established in 2002, now offers enhanced design and build capabilities for homeowners seeking to transform their backyards into functional outdoor living spaces.

The expansion addresses increased interest in outdoor home improvements as property owners look to maximize their living areas and add value to their homes. The company specializes in creating handcrafted structures that combine aesthetic appeal with practical shade solutions for Texas weather conditions.

"We've seen tremendous growth in requests for custom pergolas Wylie residents want for their unique outdoor spaces," said Logan Keathley, founder of Keathley Landscaping. "Each project we undertake is completely tailored to the homeowner's specific needs, architectural style, and landscape design. Our expanded services allow us to offer more design options and materials while maintaining the quality

craftsmanship we've built our reputation on."

The company's pergola and patio cover services include comprehensive design consultation, material selection, and professional installation. Each structure is built using premium wood and weather-resistant materials selected for durability in Texas climate conditions. The construction process emphasizes both structural integrity and visual harmony with existing landscape features.

Beyond pergolas and covered patios, Keathley Landscaping provides complete outdoor living space development. The company designs and builds outdoor kitchens, fire pits, and fireplaces that complement covered structures. Additional services include professional stonework, from flagstone installations to modern paver designs, retaining walls, and decorative veneers that enhance landscape aesthetics.

The expansion also strengthens the company's position as a comprehensive landscape contractor. Keathley Landscaping maintains expertise in yard drainage solutions, with Logan Keathley holding NDS Certified Drainage Contractor credentials. The company addresses complex drainage issues through French drain installation, grading services, and custom-designed buried drainage systems.

"Our goal has always been to provide complete outdoor solutions that solve problems and enhance lifestyles," added Keathley. "Whether a homeowner needs shade structures, drainage corrections, or complete landscape renovation, we bring the same commitment to quality and customer satisfaction to every project."

The company's service portfolio encompasses sod installation, landscape lighting, fence repair and installation, flowerbed and hardscape design, and tree trimming services. This comprehensive approach allows homeowners to coordinate multiple outdoor improvements through a single contractor, ensuring design continuity and project efficiency.

Keathley Landscaping has served the Dallas-Fort Worth metroplex for over two decades, building a reputation for reliable service and quality workmanship. The company works with residential clients throughout Dallas, Garland, Wylie, Plano, and surrounding communities. Their team combines traditional craftsmanship techniques with modern design principles to create outdoor spaces that reflect individual homeowner preferences while adding lasting value to properties.

The expanded pergola and patio cover services are now available for consultation and scheduling. Homeowners can explore design options that range from traditional wood pergolas to contemporary covered patio designs, all customized to complement existing architecture and landscape features.
