

The Lovely Law Firm Injury Lawyers Participates in the Grand Strand Miracle League's School Day Soccer Jamboree

April 06, 2026

MYRTLE BEACH, SC - April 06, 2026 - PRESSADVANTAGE -

The Lovely Law Firm Injury Lawyers has announced its participation as volunteer soccer buddies for the Grand Strand Miracle League's April 15th School Day Jamboree, continuing the firm's commitment to supporting individuals with disabilities in the Myrtle Beach community.

The School Day Jamboree is an inclusive, joy-filled event where students with disabilities enjoy adapted soccer, playground activities, and shared meals in a supportive environment. Designed so every participant feels included, the day allows students to engage in sports and recreation in ways that meet their individual needs and abilities. As volunteers, The Lovely Law Firm Injury Lawyers will play a key role by partnering with athletes as Buddies during soccer sessions - helping them practice skills, stay engaged, and build confidence while offering encouragement and ensuring a safe, positive experience. They also assist with general activities and logistics throughout the day. For many students, this is a rare chance to participate in sports, and sometimes their first time on a field or team.

"Our team understands that true community support extends far beyond the courtroom," said Justin Lovely,

founding attorney at The Lovely Law Firm. "Partnering with the Grand Strand Miracle League allows us to make a direct, positive impact in the lives of these incredible students who deserve every opportunity to experience the joy and camaraderie of team sports."

The Grand Strand Miracle League operates from its All-Star Park facility, offering baseball, soccer, golf, and cheerleading programs designed specifically for individuals with disabilities. More information about the league's programs can be found at <https://grandstrandmiracleleague.com/>.

The Lovely Law Firm's involvement reflects its broader commitment to community engagement beyond its primary practice areas. While the firm maintains a robust practice handling personal injury cases throughout South Carolina, including specialized representation for dog bite victims through its dedicated service at <https://www.justiceislovely.com/dog-bite-lawyer-myrtle-beach/>, the attorneys and staff regularly dedicate time to local charitable initiatives.

"Legal advocacy and community advocacy go hand in hand," added Lovely. "When we see organizations like the Grand Strand Miracle League creating opportunities for individuals who face daily challenges, we recognize our responsibility to step up and contribute however we can."

The April 15th volunteer event represents an ongoing relationship between the law firm and the miracle league. The firm has previously supported the organization through various initiatives, and additional information about their community involvement can be found at <https://www.justiceislovely.com/grand-strand-miracle-leagues/>.

The Grand Strand Miracle League serves hundreds of participants each year, relying on community volunteers and sponsors to maintain its programs. The league's mission emphasizes inclusion, providing athletic opportunities in an environment where every player can succeed regardless of ability level.

The Lovely Law Firm Injury Lawyers is a South Carolina-based personal injury law firm with offices serving Myrtle Beach, Conway, Columbia, Florence, Georgetown, and surrounding areas. The firm represents clients in cases involving car accidents, motorcycle accidents, truck accidents, premises liability, wrongful death, and other personal injury matters. Founded by Justin Lovely, the firm has built a reputation for combining aggressive legal representation with genuine community involvement throughout the Grand Strand region.
