Exclusivelyhybrid.com Announces Newest 5 Star Customer Review Entitled "Good Customer Service for Hybrid Battery Repair or Replacement"

April 08, 2016

April 08, 2016 -

Exclusivelyhybrid.com, the top provider of hybrid battery repair and replacement services in South Florida, has been receiving top reviews from satisfied customers. This is a testament to their dedication of providing professional and high quality battery repair services to their clients at affordable rates.

The company was founded by Alex Valler, who has over 20 years of experience in the auto industry. Seeing a need to provide hybrid car owners with specialized battery repair and replacement services for brands such as Toyota, Honda, and Lexus, they have earned their name as the go-to authority for hybrid battery repair and replacement services in their area. Their affordable rates are a welcome alternative for locals who are looking for better and more practical rates compared to those of service centers.

Known for their passion, affordability, dependability, and eagerness to improve the quality of their services, Exclusively Hybrid has come a long way in reaching their target customers. They give prime importance to meeting clients? schedules and deadlines, and work with a highly qualified team of experts to ensure the work is completed correctly. They also provide clients with additional perks such as a one-year, unlimited

mileage warranty, drawing in many loyal customers.

Since the hybrid battery requires specialized care and training, their professional team of hybrid battery repair and replacement experts is well-equipped at handling a variety of hybrid battery issues. They provide their customers with their own reconditioned hybrid batteries and can install them as well.

Other services they offer include High Voltage Battery testing for new cars and localized repair and battery replacement for cases such as stranded customers.

Exclusively Hybrid offers services that are undoubtedly much more affordable than hybrid car dealers who charge thousands of dollars for hybrid battery repair work. It is for these reasons that their company has been getting 5-Star reviews from customers who have been impressed by the level of Good Customer Service for Hybrid Battery Repair or Replacement they provide.

According to Sam E., a customer from Pompano Beach FL, ?Alex provided great service for me. Dropped by with an emergency that he was able to diagnose and completed the repair within a day. He appears quite knowledgeable about Prius hybrids and will provide customers with options. Communication was great and friendly, it?s clear he cares to provide good CUSTOMER SERVICE.?

For hybrid car owners looking for better peace of mind in having a team of experts work on their hybrid batteries, visit their website at exclusivelyhybrid.com, or get in touch with Alex Valler and his team through their contact information.
