Learning Tree Academy Announces Details on Summer Programs for Young Children

March 31, 2026

SUCCASUNNA, NJ - March 31, 2026 - PRESSADVANTAGE -

Learning Tree Academy is providing families with details on its summer camp program in Succasunna. The program runs from June 22 through August 27 and serves children ages 3 to 6.

The summer camp delivers a balance of structured learning and creative play throughout the day. Weekly themed projects incorporate art, science, and math elements to keep children engaged in hands-on learning. Daily arts and crafts are scheduled along with additional opportunities for exploration.

Families can expect special events planned for the summer. Previous camps included fun themes such as Crazy Hat Day, Hawaiian Day, inflatable bounce sessions, Mad Science Workshops, magic shows, pajama parties, and Sports Day.

The program maintains consistent daily routines to reinforce social skills and age-appropriate learning. This approach helps children retain knowledge from the school year and supports a smoother transition when school resumes in the fall.

The summer camp operates Monday through Friday, from 9 a.m. to 4 p.m. It is separate from the academy's regular toddler classroom, which serves younger children ages 18 months to three years.

Nataliya Malinovsky, Owner of Learning Tree Academy, said, "Our summer camp program allows children ages 3 to 6 to continue growing through engaging themed activities and consistent routines during the summer months."

The program includes regular opportunities for physical activity, creative expression, and social interaction. Children participate in group settings that encourage sharing, cooperation, and the development of manners through the daily practice of polite language. A sense of belonging and significance is fostered in the camp environment, allowing each child to feel valued and supported.

Safety features at the facility include 24/7 video surveillance, a secure entry system, and commercial-grade UV air purification systems, ensuring a healthy environment for all participants. The academy employs experienced teachers who maintain small class sizes and apply the Positive Discipline approach to teach respect, problem-solving, cooperation, and personal responsibility. This nurturing environment helps children develop essential life skills that pave the way for future success.

The academy serves families from Succasunna, Roxbury Township, Kenvil, Rockaway, Mine Hill, Mt. Arlington, Randolph, Ledgewood, Denville, Netcong, Mt. Olive Township, Flanders, Wharton, Parsippany, and Dover. Before and after-school care is offered for students attending Roxbury Township elementary schools, with bus transportation provided by the school district. The academy partners with the Wharton School District for the universal preschool program, ensuring accessible early education for all children in the community.

Enrollment for the summer camp opens in February and fills based on availability. Families provide meals and snacks in accordance with nutrition guidelines and allergy policies. A 10 percent sibling discount is available.

The Succasunna Learning Tree Academy location creates a safe and nurturing environment that serves as a home away from home. Children explore their curiosities safely while building social skills, confidence, and a love of learning. Teachers and staff participate in ongoing professional development to remain current with best practices in early childhood education. The academy maintains partnerships with local school districts to support smooth transitions for children.

Learning Tree Academy in Succasunna provides exceptional early childhood care and education in Morris

County. The academy serves children from six weeks old through preschool, offering enriching summer camp and school-age care options. The diverse programs emphasize play-based learning and whole-child development, nurturing each child's growth in a supportive, engaging setting.
