

Texas Backs Off Call To Secede From The Union - Republic Of Texas Wall Decal Offered By DSB Products

April 15, 2016

April 15, 2016 - PRESSADVANTAGE -

DSB Products, an e-commerce retail in Keller, TX, has launched a line of vinyl wall art decals that are available on the Amazon marketplace. Their latest decal offering is the Republic of Texas Wall Decal.

Before Texas joined the Union, it was an independent republic, and this independent outlook still exists. Recent calls for secession, while mostly just political posturing to make a statement, shows that the historical self-reliant and independent mindset of Texans is alive and well. This decorative wall decal showing an outline of the State of Texas with a lone star and the words 'The Republic of Texas', reminiscent of the days of independence, offers everyone the ability to display their Texas pride in their home decor.

D.S. Barnett says: "This piece of wall art will look great in a study, office, hallway, or any place in the home or office. The Republic of Texas Wall Decal will display your Texas pride and let others know not to mess with Texas."

Barnett adds: "Many wall decals are poor quality replicas made from PVC and imported from other countries. Our wall decals are top quality vinyl, 3 mils thick, and transfer to your wall or any smooth surface and look as

though they were painted on. They are 100% made in USA, one of the many reasons why our products are so popular."

The full line of wall art decals offered by DSB Products is available in the Amazon DSB Products Store. The line is expanding but currently includes a variety of wall art pieces including themes for Dr Seuss, Star Wars, nurseries, and even zombies.

Each piece, letter, or character of the wall decal is a separate piece cut from vinyl. All of the pieces are mounted on a backing, positioned exactly as they should be for transfer to a wall in perfect position without any clear sheet between letters. Some wall decals are made of a solid sheet and are applied like wall paper, but do not look painted on due to the clear areas between the printing and drawings. The company would like to point out that solid sheet type decals are lower cost, lower quality, and do not compare to individually cut quality vinyl wall decals as they offer.

This Lone Star State wall decal is non-toxic, waterproof, durable and easy to remove. The decal is rolled and shipped in a tube and never folded. It comes with detailed application instructions, including in a PDF document emailed to the customer after ordering. The instructions also reference videos available on YouTube where a customer can watch a wall decal being applied. D.S. Barnett says: "After getting a wall decal and following the application instructions, your wall decal will look like it has been painted on the wall by a professional."
