

Law Offices of Humberto Izquierdo, Jr., PC Addresses Rising Car Accident Fatalities in Forsyth County

April 09, 2026

April 09, 2026 -

The Law Offices of Humberto Izquierdo, Jr., PC announces expanded legal support for Forsyth County residents following data revealing at least 21 fatal collisions in the county during 2024, with multiple serious crashes documented along the GA-400 corridor through Cumming.

The firm, which provides bilingual legal representation in English and Spanish, is responding to the elevated crash risk in Forsyth County as documented by the Georgia Department of Transportation and Governor's Office of Highway Safety. Recent incidents include a life-flight rear-end crash near Exit 15 on GA-400 and a DUI-related fatal collision on GA-400 South. As a Humberto Law Cumming car accident lawyer practice with deep roots in the community, the firm brings unique expertise from founder Humberto Izquierdo, Jr.'s background as a former insurance defense attorney.

The timing of this expanded support coincides with significant changes to Georgia's legal landscape under Senate Bill 68, signed in April 2025. The new legislation directly affects how car accident claims are handled,

particularly regarding medical expense recovery and the admissibility of seat belt evidence in establishing comparative fault.

"The documented pattern of high-speed crashes on GA-400 through Forsyth County creates scenarios where insurance companies will increasingly leverage SB 68's seat belt evidence provisions to reduce claim values," stated Humberto Izquierdo, Jr., founder of the Law Offices of Humberto Izquierdo, Jr., PC. "Crash victims need immediate legal representation to preserve their rights before insurers can shape the narrative around comparative fault, especially in rear-end and rollover incidents where seat belt use becomes a central issue."

The Governor's Office of Highway Safety recently awarded the Forsyth Police Department a $23,000 traffic enforcement grant specifically targeting crash reduction in the county, confirming government recognition of the area's elevated collision risk. Statewide, Georgia recorded 367,523 total car crashes in 2024, with distracted driving, speeding, and impaired driving identified as primary contributing factors.

For residents seeking a Cumming car accident lawyer, the firm emphasizes the importance of timely action given Georgia's two-year statute of limitations for injury claims. Evidence from GA-400 crashes, including traffic camera footage, vehicle black box data, and witness accounts, can deteriorate rapidly without proper preservation.

The firm's location at 108 Colony Park Drive in Cumming positions it to serve the approximately 270,000 residents of Forsyth County, which despite its larger population experienced fatal collision rates comparable to neighboring Hall County in 2024.

The Law Offices of Humberto Izquierdo, Jr., PC operates on a contingency fee basis, meaning clients pay no upfront fees and owe nothing unless the firm secures compensation. The practice handles various accident types including rear-end collisions, rollovers, DUI-related crashes, and multi-vehicle incidents common on high-traffic corridors like GA-400.

The Law Offices of Humberto Izquierdo, Jr., PC is a personal injury and workers' compensation law firm based in Cumming, Georgia, serving car accident victims throughout Forsyth County and the greater North Georgia area. Founded by Humberto Izquierdo, Jr., a former insurance defense litigator and Super Lawyers selectee from 2017 through 2025, the firm's attorneys include Armando D. Izquierdo and Grant Tall.
