

## **HVAC Contractor Wins Consumers Choice Award In Toronto**

*April 14, 2016*

April 14, 2016 - PRESSADVANTAGE -

Consumers Comfort Inc., a business in Vaughan, Ontario, Canada, is proud to announce that they have received a Consumers Choice Award for 2016 in the category of Air Conditioning and Heating Equipment Sales in the Greater Toronto Area and surrounding areas. They are now known as the best HVAC contractor Toronto has to offer, and the company sees that as a tremendous honor. They want to extend their heartfelt thanks to all who have voted for them.

Edgar Brown from Consumers Comfort says: "It was a real honor just to have been nominated for the award. To actually win it was beyond what we could have hoped for. We can't thank our customers enough for their continued support. We truly wouldn't be where we are today if it wasn't for them, so thank you!"

The company has been operating in the Greater Toronto area for over 17 years. In that time, they have established themselves as a go-to, trustworthy source for all HVAC needs. Their goal is to make sure people find HVAC solutions that are suitable to their needs, that are sustainable, and that fit their tight budgets at the same time. They also want to make sure they build a professional relationship with each of their clients, ensuring people come back to Consumers Comfort again and again for their maintenance and replacements

when the time is right. All this was highlighted during the award ceremony.

The organizers of the Consumers Choice Award paid particular attention to the wealth of positive customer reviews that the company has received. One review, left by Florence H. on the company's website, states: "This letter is to thank you for a job well done, outstanding cooperation and extra efforts during the course of the entire furnace installation phase. You kept all established deadlines, worked very well with the entire construction team and produced a project that had zero items on the final punch list. It has been a pleasure to work with you and your staff on this project and I hope to have the opportunity to work with you and your company again in the future."
