

Cassone?s RV Highlights Ongoing Pre-Owned RV Inventory for Buyers Near Tempe, AZ

April 17, 2026

MESA, AZ - April 17, 2026 -

Cassone?s RV continues to offer pre-owned recreational vehicles for buyers near Tempe from its dealership located in Mesa, Arizona. The company maintains listings of available units that can be accessed by residents in the Tempe area and surrounding communities including Phoenix, Scottsdale, Gilbert and Chandler.

The inventory encompasses several main categories of pre-owned RVs. Diesel pushers and Class A motorhomes include models with diesel engines and configurations designed for longer-distance travel. Class B motorhome vans consist of compact vans suited for easier handling in varied driving conditions. Class C motorhomes feature overhead bunk areas and slide-out sections that expand interior space.

Fifth wheels serve as towable options with multiple slide-outs and interior layouts modeled after residential designs. Travel trailers range from lighter models to mid-size units that fit different towing vehicle capacities. Toy haulers incorporate garage areas for equipment such as all-terrain vehicles or motorcycles while

providing convertible living quarters. Current examples from the listings include a 2023 Forest River Vengeance Rogue Armored 4007 toy hauler fifth wheel measuring 45 feet 4 inches and configured to sleep eight, a 2015 Thor Motor Coach Citation Sprinter 24SR Class C diesel motorhome at 24 feet 10 inches with 23,407 miles, and a 2010 Tiffin Phaeton 42QBH Class A diesel motorhome measuring 42 feet 6 inches with 87,800 miles.

All units undergo inspection processes before being offered. The dealership also provides a complimentary 40-point inspection for vehicles brought in by owners. These steps form part of the standard procedures at the Mesa facility.

Cassone?s RV operates service departments that support the inventory and existing RV owners. Routine maintenance and repairs address oil changes, tire service, plumbing systems, electrical components, slide-out mechanisms, awnings, leveling systems, generators, solar installations, air conditioning and heating units. The collision and body shop handles repairs ranging from minor dents and hail damage to major structural work, including fiberglass and aluminum repairs, paint applications, interior restoration and full reconstructions. Coordination with insurance providers occurs as needed for covered claims.

Roof repair and preventative maintenance programs focus on materials and techniques appropriate for Arizona conditions. Same-day emergency service is listed among the available options for urgent situations during travel. Consignment programs allow owners to list their RVs through the dealership. One documented transaction involved the sale of a 2003 Newell coach in September 2024. The unit had originally been purchased from Cassone?s RV approximately seven years earlier.

Richard Phelps, Owner of Cassone?s RV, said, "The dealership maintains its pre-owned inventory and consignment services to support RV owners and buyers across the Phoenix metropolitan area including those in the Tempe region."

The Mesa location at 3032 East Main Street includes facilities equipped to handle larger motorhomes and towable units during sales reviews or service visits. Inventory can be viewed on site or through the company?s online listings. Operations center on pre-owned RV sales combined with technical support services.

The dealership has structured its activities to include inventory rotation across the listed categories. Additional examples from recent references include a 2003 Monaco Dynasty Princess, a 2009 Heartland Big Country 3300RL fifth wheel and a 2018 Jayco Seismic 4113 toy hauler. These units illustrate the variety in model years, lengths and configurations available through standard processes.

Cassone?s RV continues its established role in the regional market by facilitating access to pre-owned

recreational vehicles for the Tempe area and broader Phoenix communities. The combination of inventory listings and service capabilities supports both new buyers and current owners without interruption to ongoing operations.

Cassone?s RV functions as a pre-owned RV dealership based in Mesa, Arizona. The business supplies inventory across diesel pushers, Class A, Class B and Class C motorhomes, fifth wheels, travel trailers and toy haulers. It also operates service departments covering routine maintenance, collision and body repair, roof services and a consignment program.
