

Elite Roofing & Solar Named Best Denver Roofer for Second Consecutive Year

May 11, 2026

May 11, 2026 -
Elite Roofing & Solar has been selected as the Readers' Choice Best Roofing Company in Denver for 2026 by Westword Best of Denver, marking the second consecutive year the company has earned this distinction. The award, determined through community voting, reflects the trust and satisfaction of Denver homeowners who have relied on the company's residential roofing services.

The back-to-back recognition from Westword's annual Best of Denver awards program highlights Elite Roofing & Solar's consistent performance in roof replacement denver projects and comprehensive roofing services throughout the metropolitan area. The 2026 award results demonstrate the company's growing reputation among Colorado homeowners seeking reliable roofing solutions.

Since 2006, Elite Roofing & Solar has specialized in protecting Colorado homes from the state's challenging weather conditions, including hail, snow, wind, freeze-thaw cycles, and intense sun exposure. The company provides comprehensive residential roofing services, including roof inspections, storm damage

repair, and roof maintenance denver programs designed to extend the lifespan of roofing systems. With over 350 customer reviews and a 4.9-star rating, the company has established itself as a trusted partner for homeowners throughout Denver, Aurora, Colorado Springs, Fort Collins, Littleton, and Summit County.

"Receiving this recognition from Denver residents for the second year running validates our commitment to delivering quality craftsmanship and exceptional service," said Cody Hayes, Vice President of Elite Roofing & Solar. "Every roof we install or repair represents a family's investment in their home's protection, and we take that responsibility seriously. This award belongs to our entire team, who work tirelessly to ensure every project meets our high standards."

The significance of consecutive Readers' Choice awards extends beyond industry recognition, as these honors are determined entirely by community members who have experienced the company's services firsthand. Unlike industry-selected accolades, the Westword Best of Denver awards reflect genuine customer satisfaction and trust built through years of reliable service delivery. For homeowners navigating insurance claims after storm damage or planning proactive roof replacements, selecting a contractor validated by the community provides additional confidence in their investment decision.

As Elite Roofing & Solar continues to serve Denver and surrounding Colorado communities, the company remains focused on advancing its residential roofing capabilities and maintaining the standards that have earned consecutive recognitions. The team anticipates introducing enhanced service offerings and expanded maintenance programs designed to address the evolving needs of Colorado homeowners facing increasingly unpredictable weather patterns.

Elite Roofing & Solar is a family-owned and operated roofing contractor serving Colorado since 2006. The company specializes in residential roof replacement, repairs, storm damage restoration, and preventative maintenance programs. As the best roofing company denver according to Westword readers, Elite Roofing & Solar maintains full licensing and insurance while offering lifetime workmanship warranties and flexible payment options. The company is recognized by the Better Business Bureau, Google, Yelp, Facebook, Expertise, and Inc. 5000.
