

## **Wilkins RV of Syracuse Highlights 2026 Forest River Salem Travel Trailers**

*April 28, 2026*

CICERO, NY - April 28, 2026 - PRESSADVANTAGE -

Wilkins RV of Syracuse has received fresh shipments of 2026 model year travel trailers from Forest River's Salem series. The 2026 model year represents the industry's annual update cycle, during which manufacturers apply refinements in materials, components, and floor plan details based on prior customer and dealer input.

The 2026 Forest River Salem 31KQBTS is among the models now available at the Syracuse location. This bunkhouse travel trailer is equipped with three slide-outs.

Key specifications include an exterior length of 36 feet 7 inches, an unloaded vehicle weight of 8,573 pounds, a cargo carrying capacity of 1,292 pounds, and tank capacities of 39 gallons fresh water, 40 gallons gray, and 27 gallons black. The unit also features an 18-foot awning.

Forest River describes the 31KQBTS as a bunkhouse model with an outside kitchen, panoramic windows,

and related living area elements. The 2026 Salem series includes construction updates such as revised cabinetry, lighting packages, and speaker systems.

Wilkins RV's Syracuse dealership at 8010 Brewerton Road in Cicero maintains an indoor showroom. The location stocks new and pre-owned travel trailers, fifth wheels, toy haulers, destination trailers, pop-ups, and motorhomes from manufacturers including Forest River, Coachmen, Keystone, and Alliance. Inventory includes models with multiple slide-outs, bunk configurations, residential-style refrigerators, and expanded storage.

Service and parts support are available on-site. Technicians receive ongoing training on current RV systems and handle routine maintenance, winterization, appliance repairs, electrical work, fiberglass repairs, and collision repairs in coordination with insurance providers. The parts department stocks accessories such as awnings, outdoor furniture, and TV mounts.

Carson Votra stated, "The 2026 Salem 31KQBTS provides tank capacities, storage solutions, and sleeping accommodations suitable for family use."

Sales hours at the Syracuse location are Monday, Tuesday, and Thursday from 9 a.m. to 8 p.m.; Wednesday and Friday from 9 a.m. to 6 p.m.; and Saturday from 9 a.m. to 4 p.m. Service and parts hours are Monday through Friday from 9 a.m. to 5 p.m. and Saturday from 9 a.m. to 2 p.m. The dealership is closed on Sundays.

Wilkins RV has proudly operated as a family-owned dealership in New York since the 1950s. The Syracuse location, which opened earlier in 2026, provides additional access for valued customers in central New York. Bunkhouse travel trailers have consistently accounted for a significant portion of sales across locations, reflecting strong demand for configurations that support group and multi-generational travel while remaining towable by a variety of vehicles.

In the travel trailer segment, 2026 models incorporate valuable updates focused on durability and practical livability. Bunkhouse floor plans in this category typically support sleeping for eight or more occupants through dedicated bunks, convertible dinettes, and primary bedroom arrangements, along with convenient pass-through storage and tank systems for easy multi-day use. Additionally, these models feature upgraded insulation and advanced climate control options, significantly enhancing comfort regardless of varying weather conditions.

The Syracuse dealership assists with thorough model comparisons. All pre-owned units undergo thorough

inspection prior to sale to ensure quality. Current inventory at the Syracuse location is easily viewable through the dealership website. Wilkins RV operates multiple locations across New York. This reliable structure supports combined inventory access with localized service at each site. The addition of 2026 models is part of the dealership's standard inventory updates, aimed at catering to evolving customer preferences.
