

Jeff England RV Sales Highlights Used RVs for Sale in Texas

May 28, 2026

CLEBURNE, TX - May 28, 2026 -

Jeff England RV Sales has released highlights of its current inventory of pre-owned recreational vehicles in Texas as the used RV market demonstrates resilience amid industry shifts. The dealership currently lists over 20 used units available as Used RVs for Sale in Texas. The selection includes travel trailers, fifth wheels, toy haulers, horse trailers, dump trailers, and utility trailers.

Travel trailers make up the majority of the inventory. Brands represented include Forest River RV, Dutchmen RV, Venture RV, Keystone RV, Heartland, KZ, and Starcraft. Model years range from 2017 to 2025. Lengths vary from 13 feet to 37 feet, with sleeping capacities from two to 10 people. Common features noted in the listings include bunkhouses, outdoor kitchens, slide-outs, front bedrooms, rear baths, U-shaped dinettes, Murphy beds, and rear entertainment areas.

Several units illustrate the diversity of the inventory. The 2023 Dutchmen RV Aspen Trail 3210BHDS, for example, measures 37 feet in length, weighs 7,896 pounds, sleeps 10 people, and includes two slide-outs

with a bunkhouse and outdoor kitchen. The 2022 Venture RV Sonic SN211VDB measures 27 feet, weighs 4,600 pounds, sleeps eight people, and features one slide-out with a bunkhouse and outdoor kitchen. On the smaller end, the 2023 Dutchmen RV Coleman Rubicon 1200 Series 1200RK measures 13 feet, weighs 1,682 pounds, and sleeps two people with an outdoor kitchen.

Other notable listings include the 2025 Forest River RV Wildwood FSX 164RBLE at 20 feet and 2,819 pounds sleeping two, the 2024 Dutchmen RV Kodiak SE 17SBH at 21 feet and 3,032 pounds sleeping five with a bunkhouse, and the 2017 Forest River RV Rockwood Ultra Lite 2304DS at 25 feet and 5,536 pounds sleeping four with two slide-outs. Additional models such as the 2023 Heartland Trail Runner 200FBSS, 2023 KZ Sportsmen SE 251RSSE, 2022 Forest River RV Cherokee Alpha Wolf 26DBH-L, and 2022 Keystone RV Cougar Half-Ton 24SABWE offer further options across different sizes and floorplans.

The inventory also features fifth wheels and toy haulers for those needing more living space or transport flexibility. Horse trailers, dump trailers, and utility trailers provide specialized hauling solutions. Travel trailer weights range from 1,682 pounds to 7,896 pounds. Many units include one or two slide-outs, while bunkhouse designs accommodate larger groups. All specifications are taken directly from the dealership's published records.

Industry reports show used RV sales recorded positive year-over-year growth of 1.57 percent in early 2026 as new RV shipments declined. Texas remains one of the top states for used RV transactions, especially in the towable segment. This environment has supported steady interest in pre-owned recreational vehicles. The dealership regularly updates its listings as units are added or sold, and availability remains subject to change.

Jeff England, Owner, said, "The current inventory at Jeff England RV Sales consists of documented pre-owned units that align with the demand we see in the used RV market this year."

Jeff England RV Sales operates as a dealership offering both new and used RVs as well as related trailers. Owned by Jeff England, the company participates in the recreational vehicle sector. Its used inventory forms part of the documented selection presented for review.

These highlights provide an overview of the pre-owned stock based solely on current listings. The range of brands, model years, lengths, weights, and features addresses various towing needs and group sizes. Jeff England RV Sales continues to manage its inventory in response to market activity, supporting the availability of Used RVs for Sale in Texas through factual, up-to-date information.
