

The Dumpster Co. of Lake Country Named March 2026 Business Spotlight by PutnamCounty.info

May 01, 2026

JACKSON, GA - May 01, 2026 -
The Dumpster Co. of Lake Country has been selected as the March 2026 Business Spotlight by PutnamCounty.info, the free local business directory serving Eatonton, Lake Oconee, Lake Sinclair, and the surrounding Lake Country region. The recognition highlights the Eatonton-based company?s role as a dependable waste removal resource for homeowners, contractors, and property managers throughout Putnam County.

PutnamCounty.info?s monthly Business Spotlight feature takes an in-depth look at one Putnam County business, its people, its story, and what sets it apart in the local market. Each spotlight includes a dedicated feature page, a blog post, and social media promotion through the directory?s channels. The Dumpster Co. of Lake Country was the first recipient of the honor since the directory launched in 2025.

Operating out of 200 Imperial Mill Road in Eatonton, The Dumpster Co. of Lake Country provides roll-off dumpster rental services under a straightforward premise: the company delivers, the customer fills, and the

company hauls it away. The business has developed a customer base that spans residential projects ? including garage cleanouts, renovation debris, roofing tear-offs, and estate clear-outs ? as well as commercial work supporting general contractors, roofing crews, demolition teams, and property management companies active throughout the Lake Oconee and Lake Sinclair corridors.

?Putnam County is a community that takes local business seriously, and being recognized by a directory that?s built specifically to serve this area means a lot,? said Joe Hardin of The Dumpster Co. of Lake Country. ?Our whole model is built around making things simple for the customer ? no confusion, no runaround, just showing up when we say we will and getting the job done. Getting that kind of recognition from a local platform validates what we?re trying to build here.?

The timing of the recognition comes during an active period for construction and renovation work across the Lake Country area. The Lake Oconee and Lake Sinclair markets have seen sustained demand for residential renovation and new construction, driving parallel demand for reliable debris management. For contractors managing tight schedules on active job sites, a delayed dumpster pickup or an unreliable vendor can translate directly into project delays and added costs. The Dumpster Co.?s commercial clients have cited dependability as a key reason for their repeat business.

Central to the company?s day-to-day operation is an emphasis on clear communication and predictable service. Customers can book online or by phone, and the process is designed to be uncomplicated from the first call through final pickup. The company communicates delivery windows upfront and works around the customer?s project timeline rather than the other way around. That customer-first approach, answering the phone, showing up on time, and removing the guesswork from waste removal, has been a consistent thread in the feedback the company receives from both residential and commercial clients.

PutnamCounty.info describes its Business Spotlight program as a free initiative designed to give local businesses broader visibility within the community. The platform allows businesses to list for free and accepts nominations for the monthly spotlight from residents and community members who want to highlight a local business with a compelling story. The March 2026 spotlight feature on The Dumpster Co. of Lake Country is live at putnamcounty.info/march-2026-business-spotlight.

The Dumpster Co. of Lake Country accepts bookings online at mydumpsterco.com/eatonton-ga and by phone at (678) 306-9993. The company serves residential and commercial customers throughout Putnam County and the greater Lake Country area.
