

Rigert Treppenlifte AG Expands Platform Lift Installation Services Across German Switzerland

June 10, 2026

Küssnacht am Rigi, SZ - June 10, 2026 -
Rigert Treppenlifte AG, a leading Swiss mobility solutions provider with over 60 years of experience, announces expanded platform lift installation services throughout German-speaking Switzerland to meet growing demand for accessible home modifications. The company's enhanced service coverage addresses the increasing need for mobility solutions as Switzerland's aging population seeks to maintain independence in their homes.

The expansion comes as recent Swiss federal statistics indicate that nearly one in five residents faces mobility challenges, with the proportion expected to rise significantly over the next decade. Rigert Treppenlifte AG has positioned itself to serve this growing demographic by strengthening its installation teams and technical capabilities across German-speaking cantons, including Zurich, Bern, and Basel.

The company's comprehensive approach includes initial consultation, custom project planning, professional installation by certified technicians, and ongoing maintenance services. Each platform lift installation begins

with an in-home assessment to determine the optimal configuration for the specific space and mobility requirements. More information about their services can be found at https://s3.amazonaws.com/slstacks/rigert/id.html.

As part of the Garaventa Group, Rigert Treppenlifte AG brings decades of engineering expertise to each installation. The company's platform lifts accommodate wheelchairs and mobility devices, making them essential for individuals who need to navigate different levels within their homes or businesses. These systems can be installed in existing structures without major renovations, providing a practical solution for both private residences and public buildings.

The company has seen demand for platform lifts increase as more families recognize the importance of planning for long-term accessibility in their homes. Rigert Treppenlifte AG's expanded services ensure that residents throughout German Switzerland can access professional installation and ongoing support for mobility needs, including wheelchair lifts, stairlifts, or customized platform solutions.

Rigert Treppenlifte AG has established partnerships with healthcare facilities and senior living communities throughout Switzerland, providing mobility solutions that enhance quality of life for residents with varying accessibility needs. The company maintains service centers in German, French, and Italian-speaking regions, ensuring comprehensive coverage across the nation. Additional details about their locations are available at https://rigert-treppenlifte-kuesnacht.localo.site.

The expansion of platform lift services aligns with Switzerland's commitment to accessibility and inclusion. Recent building codes increasingly require accessibility features in new construction and major renovations, driving demand for professional installation services that meet strict safety and quality standards.

Rigert Treppenlifte AG specializes in various mobility solutions, including stairlifts for straight and curved stairs, platform lifts for wheelchair users, home elevators, and portable stair crawlers. The company has earned a reputation for quality craftsmanship and reliable customer service, maintaining the industry's largest service network in Switzerland. Their main facility location can be viewed at https://maps.app.goo.gl/6tLvBHSTzXphXNuh7.

Since 1962, Rigert Treppenlifte AG has provided mobility solutions that enable individuals to maintain their independence and safely navigate their living spaces. The company continues to innovate and expand its services to meet the evolving needs of Switzerland's diverse population.
