

Davis & Son Expands Plumbing Services to Aurora Missouri Communities

May 25, 2026

MONETT, MO - May 25, 2026 -
Davis & Son, a Southwest Missouri plumbing and HVAC contractor with over four decades of experience, announces the expansion of its comprehensive plumbing services to better serve Aurora and surrounding communities in Lawrence County. The company brings its full range of residential, commercial, and industrial plumbing solutions to meet growing demand in the region.

The expansion reflects the company's commitment to providing reliable plumbing services throughout Southwest Missouri, where aging infrastructure and seasonal weather patterns create consistent needs for professional plumbing maintenance and repairs. Davis and sons Plumbing Services now offers Aurora residents access to experienced technicians equipped to handle everything from routine maintenance to emergency repairs.

"Our expansion into Aurora represents our ongoing dedication to serving Southwest Missouri communities with the same level of excellence we've maintained for over 40 years," said Kristen, speaking for Davis

& Son. "We understand the unique plumbing challenges that properties in this region face, from hard water issues to temperature fluctuations that can stress plumbing systems, and we're prepared to deliver solutions that last."

The company's service offerings in Aurora include comprehensive leak detection and repair, drain cleaning and clog removal, water heater installation and repair, toilet repair and installation, faucet and fixture repair, sewer line maintenance, septic tank services, backflow prevention, and pipe installation and repair. Each service is performed by certified technicians who undergo continuous training on the latest plumbing technologies and techniques.

Davis and sons Plumbing inspections have become increasingly important for property owners looking to prevent costly repairs and maintain system efficiency. The company offers thorough inspection services that identify potential issues before they develop into major problems, helping customers save money and avoid unexpected plumbing emergencies.

The expansion comes at a time when many Southwest Missouri communities are experiencing growth and development, creating increased demand for reliable plumbing contractors who can serve both new construction projects and existing properties. Davis & Son's established presence in neighboring counties, including Barry, Christian, Greene, Jasper, Newton, McDonald, and Stone counties, positions the company to efficiently serve Aurora while maintaining its commitment to rapid response times.

Beyond standard plumbing services, Davis & Son also provides integrated HVAC solutions, allowing customers to work with a single contractor for multiple home and business maintenance needs. The company offers financing options through Synchrony to help customers manage the cost of major repairs or system replacements.

Davis & Son has built its reputation on a foundation of integrity, innovation, and customer satisfaction. The company's technicians are known for their professional approach, arriving prepared to diagnose issues accurately and provide transparent recommendations for repairs or replacements. This commitment to service excellence has made Davis & Son a trusted name throughout Southwest Missouri.

As part of its expansion strategy, the company continues to invest in advanced diagnostic equipment and training programs that ensure its team remains at the forefront of the plumbing industry. This ongoing investment in technology and expertise enables Davis & Son to tackle complex plumbing challenges while maintaining competitive pricing for routine services.
