April 27, 2016

April 27, 2016 - PRESSADVANTAGE -

Fresh Coat Painters Eden Prairie has been named as one of the Top 10 Best Contractors in Minneapolis. The company has announced with pride that they have been named as the 2nd best contractor in the Twin Cities, and the number 1 best painter. The company also pointed out that they were the only painter who made it to the top 10.

Jerry Fancher, a spokesperson for the company says, "We are thrilled beyond words at the honor of making the list, let alone being ranked so highly. We are the only painter to have actually made the top 10, which makes it an even sweeter victory for us.

The Eden Prairie Painting Company has been providing services in Eden Prairie and Edina for a number of years, and serves several customers in the local area. Fancher states that they believe their customer service is one reason that they received such top ranks.

"We always go above and beyond to ensure that our customers are completely satisfied with our services," Fancher says. "We wouldn't have it any other way."

He goes on to say that all members of their team are thoroughly trained and experienced professionals, another reason he believes that they made the Top 10 Best list. The company currently serves Eden Prairie, as well as Edina, Minnetonka, Wayzata, and surrounding areas.

Fancher states that making the Best of 2016 list only encourages the company and everyone on their staff to work even harder to keep their customers happy. Every customer also receives a copy of their exclusive 'Customer Bill of Rights' outlining their commitment to outstanding service. He states that they provide a wide range of residential and commercial painting services, for both interior and exterior projects, and that they work with their customers before the job is started to ensure that they are on the same page and that the customer will ultimately be satisfied with the end result.

It is this and a number of other aspects of the company that Fancher says are what has gained them multiple 5 star reviews over the years.

More about the company, including a complete list of the residential, deck and commercial services they offer, can be seen on their official website. The company states that they thank their loyal customers who have helped them to gain this recognition and that they look forward to providing quality services for many years into the future.
