

Real Clean Post Construction Cleaning Expands Focus to Support Contractors and Builders

May 21, 2026

SALT LAKE CITY, UT - May 21, 2026 -
Real Clean Post Construction Cleaning, a women-owned cleaning company based in Salt Lake City, Utah, announces an expanded focus on serving contractors, builders, remodelers, and property managers with specialized post-construction cleaning services. The strategic shift addresses the growing demand for detailed cleanup services following renovations, buildouts, and completed construction projects across the Wasatch Front.

The company's enhanced post-construction services encompass every phase of cleanup, from rough clean to final detail work. Real Clean now offers comprehensive support for new builds, renovations, remodels, and both commercial and industrial projects. The expanded service structure includes punch list support and ongoing partnerships with preferred pricing and priority scheduling for contractors managing recurring projects.

"The construction industry in Utah continues to experience significant growth, and we recognized an

opportunity to better serve contractors who need reliable, thorough cleanup partners," said Jazz Bader, Operations Director at Real Clean Post Construction Cleaning. "Our team understands the unique challenges of post-construction environments and the importance of meeting project deadlines while maintaining exceptional quality standards."

The company's post-construction cleaning process addresses the specific requirements of construction sites, including dust removal from all surfaces, debris disposal, window and fixture cleaning, floor care, and detailed sanitization of newly constructed or renovated spaces. Real Clean's trained crews work with various project types, from luxury residential builds to large-scale commercial developments.

Real Clean Post Construction Cleaning in Salt Lake City maintains full licensing, bonding, and insurance coverage, providing contractors and property managers with confidence in their partnership. The company's background-checked staff members receive specialized training in construction site safety protocols and cleaning techniques specific to post-construction environments.

The expanded focus on construction-related cleaning complements Real Clean's existing residential and commercial services. The company continues to serve homes and businesses throughout Salt Lake County, Utah County, Davis County, Summit County, and Weber County with standard cleaning, deep cleaning, move-in/move-out cleaning, and emergency cleanup services.

Beyond post-construction specialization, Real Clean emphasizes eco-friendly and non-toxic cleaning methods across all service categories. This approach aligns with increasing environmental consciousness in the construction industry and meets the preferences of property owners seeking sustainable maintenance solutions.

The company operates daily, accommodating the varied scheduling needs of construction projects and property management timelines. Real Clean's customizable cleaning plans and straightforward booking process streamline coordination for contractors managing multiple projects simultaneously.

Real Clean Post Construction Cleaning serves as a locally operated business committed to supporting Utah's construction and real estate sectors. The company's women-owned status and community focus distinguish it within the regional cleaning services market. Through its expanded contractor support services, Real Clean addresses a critical need in the construction completion process while maintaining its commitment to quality, reliability, and environmental responsibility.
