

BG Property Management Enhances Luxury Apartment Living with Exclusive Resident Events Program

May 29, 2026

NEW ORLEANS, LA - May 29, 2026 - PRESSADVANTAGE -

BG Property Management, a leading provider of upscale residential properties in New Orleans, has expanded its commitment to elevated living experiences by offering social events and community gatherings for residents across its portfolio of luxury properties.

The company's enhanced resident programming includes holiday celebrations with open bars, margarita night social mixers, football game viewing parties, and restaurant opening events. These gatherings take place throughout the year at various BG Property Management properties, with many events hosted in the Sky-Lobby at 930 Poydras, featuring panoramic views of downtown New Orleans.

"Creating a true sense of community goes beyond providing beautiful living spaces and amenities," said Ashley Garcia, Director of Resident Services at BG Property Management. "Our events program allows residents to connect with their neighbors while enjoying experiences that showcase the best of New Orleans culture and hospitality. The response from our residents has been overwhelmingly positive, with many telling

us these gatherings are what set our properties apart."

The resident events program represents a comprehensive approach to luxury apartment living that extends beyond traditional property management services. BG Property Management recognizes that today's renters seek more than just exclusive luxury apartments; they desire a lifestyle that includes social connections and memorable experiences within their residential community.

The company manages properties across seven distinct New Orleans neighborhoods, including the Arts District, Central Business District, French Quarter, Garden District, Irish Channel, Marigny & Bywater, and Mid-City. Each location offers unique architectural features and neighborhood character, from historic streetscapes to modern high-rise buildings with river and skyline views.

Properties such as 930 Poydras, Civic Lofts & Penthouses, Thirty 60 Lofts, 511 Marigny, 900 Poydras, 2802 Magazine, and The Orphanage provide residents with diverse living options ranging from contemporary lofts to traditional New Orleans-style apartments. Many units feature premium finishes, abundant natural light, and access to building amenities including rooftop spaces, fitness centers, and secured parking.

The events program complements the physical attributes of these properties by fostering connections among residents who share similar lifestyle preferences. Whether attending a holiday party in December or gathering for a casual summer evening mixer, residents have multiple opportunities throughout the year to engage with their community.

BG Property Management's approach reflects broader trends in luxury rental markets where property managers increasingly focus on creating comprehensive living experiences rather than simply providing housing. The company's investment in resident programming demonstrates its understanding that modern renters value community engagement alongside traditional luxury amenities.

BG Property Management specializes in New Orleans CBD premium apartments by BG Property Management, offering a curated selection of residences that combine prime locations with exceptional property management services. The company maintains a portfolio of properties in desirable neighborhoods throughout New Orleans, providing residents with access to the city's vibrant culture, dining scene, and entertainment options while ensuring an open residential experience through attentive property management and community-focused programming.
