

Rigert Treppenlifte AG Expands Wheelchair and Platform Lift Solutions Across Switzerland for Enhanced Senior Mobility

August 13, 2026

Küssnacht am Rigi, SZ - August 13, 2026 -
Rigert Treppenlifte AG, a leading Swiss mobility solutions provider with over 60 years of experience, is expanding its comprehensive range of wheelchair lifts, platform lifts, and stairlifts across all three linguistic regions of Switzerland to meet growing demand from seniors and individuals with mobility challenges.

The expansion comes as Switzerland's aging population increasingly seeks reliable accessibility solutions to maintain independence in their homes. Rigert Treppenlifte AG, which has been operating since 1962 as part of the Garaventa Group, now offers enhanced service coverage across German, French, and Italian-speaking regions of the country, ensuring that mobility solutions are accessible to all Swiss residents regardless of their location. More about the company can be found at https://s3.amazonaws.com/slstacks/rigert/id.html.

"The demand for quality mobility solutions has grown significantly as more Swiss families recognize the

importance of planning for long-term accessibility in their homes," said H. Lindstrom, spokesperson for Rigert Treppenlifte AG. "Our expanded regional presence allows us to provide faster consultations, installations, and ongoing support to customers throughout Switzerland, ensuring they receive the personalized service they deserve."

The company's comprehensive product line includes custom stairlifts suitable for narrow stairs, platform lifts designed specifically for wheelchair users, and home lifts that blend seamlessly into residential environments. Each solution is tailored to meet diverse mobility requirements, with installations possible in both indoor and outdoor settings without requiring major renovations. The company's technicians handle all installations directly, ensuring quality control and safety standards are maintained throughout the process.

Rigert Treppenlifte AG has also strengthened its partnerships with healthcare facilities and senior living communities across Switzerland. These collaborations enable the company to provide specialized mobility solutions for institutional settings while maintaining its focus on residential installations. The company's consultation services include home visits where specialists assess individual needs and provide detailed recommendations for optimal mobility solutions.

The expansion includes enhanced customer service capabilities, with Rigert Treppenlifte AG maintaining what it describes as the largest customer service network in the Swiss mobility solutions industry. This network provides ongoing maintenance and repair services, ensuring that installed lifts continue to operate safely and efficiently throughout their lifespan. Customer testimonials consistently highlight the company's competent consultation process, detailed quotations, fast delivery times, and professional installation services. Beyond traditional lift installations, Rigert Treppenlifte AG offers additional mobility services including stair crawlers for temporary needs and comprehensive project planning services. The company's expertise extends to addressing complex accessibility challenges, such as installations in two-story apartments and buildings with unique architectural features.

Rigert Treppenlifte AG continues to invest in product innovation and quality craftsmanship, maintaining its position as a trusted provider of mobility solutions throughout Switzerland. The company's commitment to helping seniors and individuals with mobility impairments maintain their independence has earned it a strong reputation, reflected in its 4.7 rating based on customer reviews.
