

SEO Company Expands Services To Buffalo, New York

April 25, 2016

April 25, 2016 -

An SEO company operating out of Rochester, NY, is proud to announce that they now offer their SEO services across the Buffalo, NY area as well. Customers in Buffalo can expect the same level of services that have been made available to those in Rochester and other parts of the state. These services come highly recommended and businesses in Buffalo have welcomed the company with open arms.

YourProfitWeb, Inc.'s Andrew Wroblewski says: "Not all SEO companies have been created equally. We have been around for a long time and have come through various massive upheavals, including Google Panda and Penguin, because we use proven to be effective tactics at all times. We're really happy to be able to offer these in Buffalo now as well, and look forward to a long, professional relationship with businesses in that area."

YourProfitWeb, Inc. is committed to remaining up to date with their SEO skills and knowledge at all times. In so doing, they ensure they can give the best possible services to their clients. They have gained a reputation as delivering rapid results in areas where others have frequently tried and failed. Those who have worked with the company in the past have been very positive about the results they have experienced.

"I am on the 30 day trial for a geographically related search term "CITY *****2, says Andrew on the

company's website. "The site was ranked #100 when I put it in the system. Yesterday (and today too) it was ranked #18. It jumped 82 spots in 9 days."

These types of results are common for YourProfitWeb, Inc., who have developed tactics and strategies that work time and time again. In so doing, they make sure that local businesses are able to get their foot in the door and make their mark on the local economy.

"Local SEO is the be all and end all of internet marketing nowadays," adds Andrew Wroblewski. "Of course, this will change again and we will change with it, but that's where it is now. We have studied the Buffalo area to make sure our skills are totally relevant there."
