May 03, 2016 -

Oceanville, NJ online training company Certification Coaching Organization, LLC is proud to announce that they have released a new training course, which is the Physician Based Medical Billing (PBB) course. This is a course that has been designed for medical coders. The Certified Professional Biller CPB? Exam Prep course is already proving to be popular.

Founder and CEO of Certification Coaching Organization, LLC, Laureen Jandroep, CPC, CPC-I, COC, CMSCS, CHCI, CPPM, says: "This latest course has been designed for students who are looking to take the AAPC's Certified Professional Biller CPB? certification exam. Students are provided with the most current information that pertains to the health insurance industry, and the various reimbursement methodologies to ensure accurate submission of medical claims. Those who complete the course are ready to take and pass the CPB? examination."

As a training company, Certification Coaching Organization is committed to making sure people can obtain the information they need to learn about, in order to not just become certified, but stay certified as well. To achieve this, they offer a range of medical coding online courses that people can sign up for in order to

further or maintain their career.

Those who have already taken part in any of the courses offered by the training company have been very positive about their experiences. "I love CCO," says Kelly K. on the training company's Facebook page. "The Instructors are so knowledgeable & friendly & supportive to not only their students, but medical coders as a whole with their monthly FREE Q & A Webinars worth 1-1.5 AAPC CEU's. That's enough to support a core credential. They have free practice exams & free coding tools. Check out their free YouTube channel as well. They are the makers of the Blitz videos which are helping people prepare for & pass the exam with a 94% rate. Their forum & Facebook groups really keep a coder updated too. If you haven't checked them out I recommend it."

Those who are interested in the medical coding courses are encouraged to like the Facebook page for medical coders to be kept up to date with developments.
