

Berks Plastic Surgery Welcomes Double Board-Certified Surgeon Matthew Hagan, MD, FACS

May 27, 2026

May 27, 2026 -
Berks Plastic Surgery has announced the addition of Matthew Hagan, MD, FACS, a double board-certified plastic surgeon, to its plastic surgery team at the practice's Wyomissing location. Dr. Hagan is now accepting consultations, joining lead surgeon Brian K. Reedy, MD and a team of dermatology and non-surgical providers.

Dr. Hagan holds certifications from both the American Board of Plastic Surgery and the American Board of Surgery. He is a Fellow of the American College of Surgeons and a member of the American Society of Plastic Surgeons and The Aesthetic Society. He completed his training in Plastic and Reconstructive Surgery at the University of Illinois Chicago, where he specialized in aesthetic, craniofacial, and reconstructive surgery. He was previously practicing in Idaho.

?Dr. Hagan's training and credentials make him an excellent addition to Berks Plastic Surgery,? said Dr. Reedy. ?His background in craniofacial and aesthetic surgery broadens the expertise available to patients in

the Berks County area and beyond, especially when it comes to nuanced facial procedures like nose reshaping.?

Dr. Hagan brings particular depth in rhinoplasty, one of the most technically demanding procedures in plastic surgery. His craniofacial training provides a foundation in the complex nasal anatomy and structural considerations that rhinoplasty requires. He also performs a full range of facial, breast, and body contouring procedures.

The addition of Dr. Hagan expands the practice's capacity to serve patients across a broad range of procedures. Berks Plastic Surgery has seen sustained demand for both surgical and nonsurgical services, and the arrival of a second board-certified plastic surgeon allows the practice to accommodate more consultations and reduce wait times. The expanded team also strengthens the practice's ability to offer comprehensive care?from initial consultation through surgery and follow-up?within its accredited Wyomissing facility.

?As a versatile plastic surgeon who offers special expertise in rhinoplasty, Dr. Hagan is a perfect addition to our team,? Dr. Reedy commented. ?Finding someone with that level of specialization is great not only for our practice, but for those in the community looking for world-class care close to home. We?re thrilled that both living in the Berks County area and seeing patients at our practice were a good fit for him.?

Originally from Tampa, Florida, Dr. Hagan relocated to Wyomissing with his family from Idaho. He said that he was drawn to Berks Plastic Surgery because of the level of care the team provides and the strong reputation the practice has built over the decades. ?I want every patient to feel heard and confident in their decisions, and this practice shares that philosophy,? he said. ?Elective surgery should feel like a partnership between the patient and the surgeon.?

Dr. Hagan also noted that the practice?s surgical facility played a role in his decision to join. ?Having a fully accredited surgery center on-site means patients receive their care in a controlled, high-quality environment without needing to go to a hospital. That makes a world of difference when it comes to both safety and comfort.?

Berks Plastic Surgery operates a fully accredited on-site surgery center holding both Medicare Class C and Quad A certifications. The practice offers surgical, medspa, and dermatology services and has served the greater Reading area for more than two decades. Lead surgeon Dr. Brian K. Reedy has been named one of Newsweek's ?America's Best Plastic Surgeons? from 2021 through 2024 and is a 17-time Berks County People's Choice Award winner.

Patients interested in scheduling a consultation with Dr. Hagan may contact the practice at 610-320-0200. For more information, visit Berks Plastic Surgery's website.
