

## **Roof Repair Expert LLC Expands Beyond Roof Repair, Now Offering Full Roofing Installations and Roof Replacements in Murfreesboro**

*June 09, 2026*

MURFREESBORO, TN - June 09, 2026 - PRESSADVANTAGE -

Roof Repair Expert LLC, a locally owned roofing contractor serving Murfreesboro and the greater Middle Tennessee area since 2015, has announced the expansion of its services to include full roof replacement and new construction roofing installation. The move marks a significant evolution for a company that built its reputation on affordable, repair-first roofing service.

For over a decade, Roof Repair Expert LLC has been the go-to call for Rutherford County homeowners dealing with leaks, missing shingles, storm damage, and emergency repairs. The company's repair-first philosophy ? finding every viable way to extend a roof's life before recommending replacement ? earned it more than 350 five-star Google reviews and a loyal customer base across Murfreesboro, Nashville, Smyrna, Brentwood, Franklin, and surrounding communities within a 45-mile radius.

The expansion into full replacement gives existing and new customers a single, trusted contractor for every stage of a roof's life.

"We've always believed in doing the honest thing ? if a repair will solve the problem, we say so," said Alex, founder of Roof Repair Expert LLC. "But when a roof genuinely needs to be replaced, our customers deserve to hear that from a contractor they already trust, not start over with someone new. That's why we expanded. Same team, same standards, now for the full job."

The timing reflects the realities of Murfreesboro's explosive growth. U.S. Census data show the city's population climbed from 108,755 in 2010 to nearly 168,000 in 2024 ? a 53% increase in 14 years ? ranking it among the 20 fastest-growing cities in the nation. The University of Tennessee's Boyd Center for Business and Economic Research projects Rutherford County's population will reach 400,000 within the next few years. That pace of growth means thousands of new homes requiring installation and an aging housing stock reaching the 20- to 30-year mark where replacement becomes inevitable. For a contractor already trusted by that community, expanding into full replacement was a natural and necessary step.

Roof Repair Expert LLC's replacement service covers the complete scope of residential and commercial roofing projects, including:

Full tear-off and reinstall (all material types), New construction roof installation, Roof decking inspection and replacement, Architectural shingle (metal, tile, slate,) installation, Underlayment and ice and water shield installation, Drip edge, flashing, and ventilation upgrades, Permit procurement (handled by the company), Magnetic nail sweep and full property cleanup on completion.

What sets Roof Repair Expert LLC's expansion apart is the philosophy behind it. The company's founding principle ? inspect honestly, never push unnecessary work, price fairly ? extends directly into its replacement service. Every project begins with a free roof inspection and a straightforward assessment of whether repair or replacement is the right solution.

The company installs materials from leading manufacturers, with same-day estimates and itemized quotes that break down every line item before work begins. Most residential roof replacements are completed in one to two days. All installations carry both a manufacturer material warranty and a company workmanship warranty.

The company is licensed, insured, and bonded in the state of Tennessee (Contractor License #12976), and answers calls 24 hours a day, seven days a week.

Roof Repair Expert LLC is a locally owned and operated roofing contractor in Murfreesboro, Tennessee. Founded in 2015, the company provides residential and commercial roofing services including roof repair, full

roof replacement and installation, emergency roofing, roof inspection, roof maintenance, skylight services, siding, and gutters across a 45-mile radius of Murfreesboro. The company holds 350+ five-star Google reviews and is licensed, insured, and bonded in Tennessee.
