

Kustomz Truck & Auto Announces Expanded Collision Repair Services in Rapid City South Dakota

July 06, 2026

Rapid City, SD - July 06, 2026 -
Kustomz Truck & Auto, a full-service automotive repair facility in Rapid City, announces the expansion of its collision repair capabilities to better serve vehicle owners throughout the Black Hills region. The announcement comes as the shop continues to see increased demand for comprehensive auto body services, from minor dent repairs to complete vehicle restorations.

The expanded services build upon the shop's established reputation for handling everything from hail damage to major collision repairs. With specialized equipment for paintless dent repair and traditional body work, the facility addresses the diverse repair needs of passenger vehicles, trucks, recreational vehicles, and marine craft. The shop's technicians combine traditional craftsmanship with modern repair techniques to restore vehicles to their pre-accident condition.

"We're seeing more customers who need Expert Auto Body Repair Services In Rapid City SD, particularly as severe weather events become more frequent," said Steve Darling, owner of Kustomz Truck & Auto.

"Our expanded capabilities allow us to handle a higher volume of repairs while maintaining the quality standards our customers expect. Whether it's hail damage from summer storms or collision repairs from winter driving conditions, we're equipped to get vehicles back on the road safely and efficiently."

The facility offers comprehensive Auto Body Repair In Rapid City SD, including specialized services such as fiberglass and gel coat repair for boats and RVs, classic car restoration, and custom vehicle modifications. Beyond traditional collision repair, the shop provides audio system installations, upholstery repair, and even six-door vehicle conversions for commercial clients requiring additional passenger capacity.

To address the financial concerns many vehicle owners face after accidents, Kustomz Truck & Auto offers repair financing options. This service helps customers manage unexpected repair costs by allowing them to spread payments over time rather than paying the entire amount upfront. The shop works with multiple financing partners to provide flexible payment solutions that fit various budgets.

The expansion reflects growing demand for Affordable Auto Body Repair In Rapid City SD as more vehicle owners seek alternatives to dealership service departments. Independent shops like Kustomz Truck & Auto often provide comparable quality at more competitive prices while offering personalized service and faster turnaround times.

"Our goal has always been to provide comprehensive automotive solutions under one roof," added Darling. "From minor paint touch-ups to complete frame straightening, we handle projects that other shops might turn away. This approach saves our customers time and ensures consistency in repair quality."

Kustomz Truck & Auto serves the greater Rapid City area with a full range of automotive services. The shop specializes in collision repair, hail damage restoration, paintless dent repair, classic car restoration, and custom vehicle modifications. Additional services include marine and RV fiberglass repair, mobile audio and video installation, and auto upholstery repair. The facility operates Monday through Friday, providing both insurance claim assistance and direct customer service for all types of vehicle repair needs.
