The National Veterans Opportunity Coalition (TNVOC) is committed to helping Veteran-Owned Businesses (VOBs) nationwide by providing them with the latest tools and cutting-edge technology to: discover Corporate and Government procurement opportunities, connect with fellow VOBs to team and partner for contracting opportunities, showcase their products and services online, and get the knowledge, training and business-savvy skills they need to grow their business.

"We provide real-time opportunities for Veteran-Owned Businesses (VOBs) nationwide to connect with major corporations, procure government contracts and be part of a growing business community. Our goal is to empower VOBs to achieve new levels of success through a powerful cloud hosted online portal which hosts a vibrant VOB network, to include: Procurement and RFP tools, Industry Groups, and premier training conducted by industry leaders, consultants and entrepreneurs nationwide.

If you are a Veteran-Owned Company looking to engage and grow your business, this is the place to be," stated Ron Williams, Service-Disabled Veteran ? U.S. Air Force and President of TNVOC.

TNVOC recognizes that procurement, networking and training, are driving factors to economic growth for VOBs in the United States, and this revolutionary portal is the key to take them from where they are, to where they want to be.

TNVOC's online portal is also different from other portals as it empowers VOB's with the latest technology to discover corporate and government procurement opportunities as soon as they are released. Veteran Business Owners can search for local and national business opportunities available for Veterans. Instant daily or weekly email notifications are also sent as soon as Corporate and Government RFPs become available.

The National Veterans Opportunity Coalition (TNVOC) is inviting VOBs to register at no cost for the pre-launch of this exciting new portal. Our ultimate goal is to empower Veteran Business Owners and connect them to the people looking to do business with them.
