

Adams Pool Solutions Named Among Top 50 North American Builders with Highest Renovation Revenue

July 08, 2026

PLEASANTON, CA - July 08, 2026 -

Adams Pool Solutions has been named the number 14 Pool Builder in North America in the 2026 Pool and Spa News (PSN) and Hayward Top 50 Builders rankings, one of the most respected ranking programs in the swimming pool industry. The company also reported the highest pool renovation and remodeling revenue of any builder in the nation, according to the PSN article titled Meet the 2026 PSN/Hayward Top 50 Builders.

The recognition from PSN and Hayward represents independent third-party validation of the company's 70-plus year track record in pool renovation, reflecting the trust of thousands of homeowners, property managers, HOAs, and commercial clients throughout Northern California and Nevada.

"Being ranked among the top builders in North America, and reporting the highest pool renovation revenue in the country, reflects the trust thousands of homeowners, HOAs, and commercial clients have placed in our team for more than 70 years," said Tony Adams, CEO of Adams Pool Solutions. "We remain focused on exceptional craftsmanship, standing behind our work, and continuing to raise the standard for what a pool renovation company can achieve."

Adams Pool Solutions designs, remodels, and resurfaces residential and commercial swimming pools for homeowners, HOAs, hotels, apartment communities, and commercial clients across the San Francisco Bay Area, Central Valley, and Northern California. The company specializes in Adams Pool Solutions pool remodeling services, offering state-of-the-art surface preparation processes, countless design options, and the latest energy-saving automation technologies.

Family operated since 1953 and headquartered in Pleasanton, California, Adams Pool Solutions completes approximately 1,200 projects per year with about 340 employees. The recognition spans two established brands that operate collectively under the Adams Pool Group umbrella: commercial and renovation work under Adams Pool Solutions, and residential design and construction under Royal Pools by Adams.

"This ranking acknowledges our commitment to excellence in both commercial construction and residential renovation markets," said Ray Langford, Marketing Director of Adams Pool Solutions. "Our teams bring decades of expertise to every project, whether transforming a backyard pool for a homeowner or managing a large-scale commercial installation for a hotel or municipality."

The company's commercial pool construction division serves hotels, municipalities, and educational institutions, while its renovation services encompass both residential and commercial properties. With virtually unlimited resources and decades of experience, the firm has established itself as a leading choice for complex commercial pool projects throughout its service regions.

Adams Pool Solutions maintains affiliations with several industry organizations including the California Pool and Spa Association, the National Plasterers Council, the Pool and Hot Tub Alliance, and the Better Business Bureau. The company offers comprehensive resources including start-up instructions, warranty information, and pool financing options to support clients throughout their pool renovation or construction projects.

Since its founding in 1953, Adams Pool Solutions has completed over 29,000 pools, establishing its position as a premier pool contractor in the Bay Area and throughout Northern California and Nevada.
