Royal Pools by Adams Recognized Among Top 50 Pool Builders in North America

July 09, 2026

SAN JOSE, CA - July 09, 2026 -
Royal Pools by Adams, a Diamond Certified custom pool builder based in San Jose, California, has been recognized as part of the Adams family of pool companies that placed number 14 in the 2026 Pool and Spa News (PSN) and Hayward Top 50 Builders rankings. The ranking, which evaluates pool builders across North America, also noted the group achieved the highest pool renovation and remodeling revenue of any builder in the nation.

The recognition, published in Pool and Spa News (poolspanews.com) in the article titled "Meet the 2026 PSN/Hayward Top 50 Builders," represents independent third-party validation of the company's position as a leading Bay Area custom pool builder. Royal Pools by Adams operates collectively with Adams Pool Solutions under the Adams Pool Group umbrella, which has built and renovated pools for more than 70 years.

"Being recognized among the top pool builders in North America reflects more than 70 years of trust from Bay Area families," said Tony Adams, CEO of Royal Pools by Adams. "Our Diamond Certified team remains focused on designing and building custom pools that homeowners are proud of, and on raising the standard

for what a pool company can deliver."

Royal Pools by Adams designs and builds custom residential swimming pools for homeowners across the South Bay and greater San Francisco Bay Area. The company specializes in Royal Pools by Adams pool construction that incorporates advanced techniques including shotcrete application at 4,000 PSI, significantly exceeding the industry standard of 2,500 PSI. This approach ensures structural integrity and longevity for each custom installation.

The PSN and Hayward rankings evaluate builders based on multiple criteria including construction volume, renovation expertise, and industry leadership. The Adams Pool Group's placement at number 14 nationally and its distinction for renovation revenue underscore its comprehensive capabilities in both new construction and pool remodeling projects.

Ray Langford, Marketing Director for Royal Pools by Adams, noted that the recognition aligns with the company's Diamond Certified status, a designation awarded to companies that consistently maintain high customer satisfaction ratings. "This ranking validates what our clients throughout the Bay Area have experienced firsthand - a commitment to quality construction and innovative design that transforms outdoor spaces," Langford stated.

The company maintains showrooms in San Jose and Pleasanton where clients can explore materials and design options. Royal Pools by Adams coordinates comprehensive backyard transformations including integrated spa construction, water features, and outdoor living elements that complement pool installations.

Since 1969, Royal Pools by Adams has served residential clients throughout Santa Clara County and the South Bay, including Campbell, Cupertino, Los Altos, Los Gatos, Monte Sereno, San Jose, Santa Clara, and Sunnyvale. The company offers custom pool design services tailored to each property's unique characteristics and homeowner preferences, utilizing energy-efficient equipment that meets California Title 24 standards.
