Learning Tree Academy Announces Remaining Opportunities for Summer Camp at Wood-Ridge Location

June 16, 2026

WOOD-RIDGE, NJ - June 16, 2026 - PRESSADVANTAGE -

Learning Tree Academy has a few spots still available for its summer camp program at the Wood-Ridge location. The program runs from June 22 through August 27 and serves children ages 3 to 6.

The summer camp operates daily from 9:00 a.m. to 4:00 p.m. Activities include weekly themed projects that blend art, science, and math elements with daily arts and crafts. Special events scheduled throughout the session feature Crazy Hat Day, Hawaiian Day, inflatable bouncy castle sessions, Mad Science Workshops, magic shows, pajama parties, and Sports Day. Water play and additional exploration opportunities are incorporated into the schedule. Before and after care is available to support family schedules.

The program maintains familiar daily routines in the academy's regular learning environment. This continuity helps children strengthen social skills and retain age-appropriate knowledge gained during the school year while facilitating a smoother return to school in the fall. Experienced teachers guide the activities with small group sizes that allow for personalized engagement.

The summer camp program stands out through its integration with the academy's year-round programs and use of The Creative Curriculum. This research-based framework turns everyday moments into structured learning opportunities that support the whole child across social-emotional, physical, cognitive, and language domains. The approach emphasizes consistent routines and play-based experiences familiar to enrolled children.

Nataliya Malinovsky, Owner, said, "With a few spots still available, our summer camp offers children ages 3 to 6 engaging themed activities and consistent routines in a familiar setting during the summer months."

The Wood-Ridge facility provides care for children from six weeks through preschool age in its standard programs. Infant care serves children from six weeks to 18 months in a calm environment focused on individual needs. Toddler programs address ages 18 months to three years with sensory-rich play and early skill building. Preschool classrooms for ages three to five emphasize school readiness through structured yet playful learning.

Safety remains a priority at the center. The facility includes 24/7 video surveillance, a secure entry system, and commercial-grade UV air purification systems. The Positive Discipline approach helps children develop respect, problem-solving abilities, cooperation, and personal responsibility in daily interactions.

The academy partners with the Carlstadt School District to support children in the universal pre-kindergarten program. Before and after-school care is offered for participating students, aligning with the public school calendar. Teachers participate in ongoing professional development to maintain alignment with best practices in early childhood education.

The academy serves families from Wood-Ridge and nearby communities in Bergen, Hudson, and Passaic Counties. Enrollment for summer camp proceeds based on availability. Families provide meals and snacks in accordance with nutrition and allergy guidelines. A 10 percent sibling discount is available.

Nataliya Malinovsky, Owner, stated, "Our summer camp program combines creative activities with familiar routines to create positive experiences that support children's continued growth and enjoyment during the summer."

The academy maintains small class sizes that enable teachers to build strong relationships with each child and family. Regular communication keeps families informed about children's progress and daily experiences. This collaboration supports continuity between home and the center.

Additional features of the summer camp include opportunities for physical activity through movement and outdoor play when weather permits. Indoor alternatives ensure the program proceeds smoothly regardless of

conditions. The structured yet flexible schedule balances active play, creative expression, rest, and learning.

Learning Tree Academy provides early childhood care and education in Wood-Ridge, New Jersey. The academy offers infant, toddler, and preschool programs along with before and after-school care and summer camp options. Programs emphasize play-based learning and whole-child development in a supportive setting.
