

Cleaning's A Breeze Named #1 Cleaning Company of 2025 by Nextdoor

June 18, 2026

Wasilla, Alaska - June 18, 2026 -

Nextdoor has recognized Cleaning's A Breeze as the #1 Cleaning Company of 2025 in the local community, highlighting the trust built through consistent service to families across the Mat-Su Valley.

The neighborhood-focused platform's selection underscores the company's standing among residents in areas including Wasilla, Palmer, Big Lake, Houston, Anchorage, Eagle River, and Chugiak. Cleaning's A Breeze provides residential house cleaning and maid services tailored to busy households, with options that include recurring maid services on weekly, bi-weekly, or monthly schedules, as well as deep cleaning, move-in and move-out cleaning, and support for short-term rental properties.

The recognition arrives as the company continues its growth from modest beginnings. Cleaning's A Breeze was founded by Bre Tschilar, a single mother who previously worked in the special needs community for 16 years. The business emerged from the need to balance family responsibilities with additional income, evolving into a locally owned and operated enterprise guided by core values of working hard, helping others, showing compassion, and spreading joy.

All team members undergo background checks prior to entering any home and receive professional training through the American House Cleaners Association, including certification as professional cleaners and COVID certification. Technicians learn about pH levels, acidity in products, and appropriate applications for different surfaces to ensure effective and safe results. The company maintains full licensing, insurance, and bonding for client protection.

Cleaning's A Breeze prioritizes the use of plant-based cleaning products that are safe for families, pets, and the environment. This commitment aligns with the health and well-being focus that has defined operations since inception. The company offers a 100 percent satisfaction guarantee, returning to address any concerns if notified within 24 hours.

"Being voted the number one cleaning company on Nextdoor means a lot because it reflects real neighborhood trust. Word-of-mouth has always been the heartbeat of our business, and we're honored that local families continue recommending us to the people they care about most," said Bre Tschilar, the CEO of Cleaning's A Breeze.

Community involvement forms a central part of the company's identity. Since 2019, Cleaning's A Breeze has provided free cleaning services to cancer patients through its partnership with the nonprofit Cleaning For A Reason. The program supports individuals recovering from surgery, undergoing treatment, or in hospice by removing the burden of household chores so they can focus on health and time with loved ones.

Additionally, the Cleaning From the Heart initiative allows neighbors to nominate local individuals deserving of a complimentary cleaning. Eligible nominees include veterans, first responders, working single parents, and others facing challenges. Nominations remain anonymous, with selections made to support Valley residents directly. The company also donates 16 hours monthly to community members in need.

These efforts complement the standard residential cleaning services designed to help families reclaim time. Recurring maid services maintain consistent cleanliness based on household needs, number of pets, and scheduling preferences. Deep cleaning services deliver thorough results for homes requiring extra attention. Move cleaning prepares properties for new occupants or clears spaces after relocation, while short-term rental cleaning ensures vacation properties remain guest-ready.

The Nextdoor recognition validates the approach of delivering reliable service while embedding deeply in the local fabric. Residents in the Mat-Su Valley and surrounding areas have responded positively to the professionalism and care extended by the team. This community-oriented model has sustained growth and repeat business through genuine recommendations rather than traditional advertising.

As a locally owned business based in Wasilla, Cleaning's A Breeze continues to expand its reach while

maintaining the personal touch that earned the top ranking. The company serves a diverse clientele seeking consistent, high-quality residential cleaning without compromising on safety or environmental considerations. Team members arrive equipped and trained to handle the full spectrum of home cleaning needs, from routine maintenance to specialized projects.

The honor from Nextdoor comes amid ongoing demand for professional cleaning support in the region. Families juggling work, children, and other responsibilities increasingly turn to vetted providers who understand local lifestyles and priorities. Cleaning's A Breeze positions itself as a partner in creating cleaner, more comfortable living spaces that allow residents to focus on what matters most.

Looking ahead, the company plans to build on this momentum by sustaining its community programs and service standards. The recognition serves as affirmation of the foundation laid over years of dedicated operation. Bre Tschilar and the team view the Nextdoor designation not as an endpoint but as motivation to continue serving with the same compassion and reliability that defined the business from its earliest days.

Cleaning's A Breeze remains committed to the Mat-Su Valley and greater Anchorage area, delivering house cleaning services that meet the practical needs of local households. The company's evolution from a single-mother side venture to a recognized leader illustrates the impact of consistent values and quality execution in a service-driven industry.
