

The Clean Team Owner Amber Gardner Approved as Newly Appointed Chair of the Port Clinton Area Chamber of Commerce

June 18, 2026

June 18, 2026 - PRESSADVANTAGE -

Amber Gardner, owner and operator of The Clean Team, a professional cleaning service based in Port Clinton, has been approved as the newly appointed Chair of the Port Clinton Area Chamber of Commerce in June 2026. This leadership role recognizes Gardner's contributions to the local business community and her commitment to supporting economic development in the Lake Erie region.

Gardner founded The Clean Team in 2020 after moving to Port Clinton from Iowa approximately 10 years earlier with her three sons, Taylor, Brody, and Oakley. She quickly embraced the community and its Lake Erie atmosphere, establishing the business with a focus on delivering reliable, detail-oriented cleaning services for both residential and commercial clients. The company emphasizes professional training for its technicians, honesty, and a personal touch in every job, whether recurring weekly cleans or one-time deep cleans.

The appointment comes at a time when chamber leadership plays a key role in fostering collaboration among local businesses. As chair, Gardner will help guide initiatives that strengthen partnerships and promote

opportunities for growth across Port Clinton and surrounding areas. Her background in small business ownership provides practical insight into the challenges and successes faced by local enterprises.

"Serving as Chair of the Port Clinton Area Chamber of Commerce is an incredible honor," said Amber Gardner, newly approved Chair. "I'm excited to work alongside such a dedicated group of leaders as we continue supporting local businesses, strengthening community partnerships, and creating opportunities for growth throughout Port Clinton."

The Clean Team offers a range of services tailored to the needs of Port Clinton residents and businesses. Residential cleaning includes weekly, bi-weekly, or monthly schedules covering kitchens, bathrooms, bedrooms, living spaces, and floors. Commercial cleaning serves diverse settings such as hair salons, office buildings, daycares, and churches. The company also handles vacation and Airbnb turnovers, ensuring properties are fresh for new guests with services like linen changes and appliance cleaning. Additional offerings include tenant turnover and post-construction cleaning for builders, realtors, and landlords, as well as spring and deep cleaning packages and à la carte options for specific tasks.

A notable aspect of The Clean Team's work is its partnership with Cleaning For a Reason, a nonprofit organization that provides free residential cleaning services to individuals undergoing cancer treatment. The Clean Team supports this mission by offering complimentary cleans to eligible patients, reflecting a broader commitment to community care beyond standard services. This initiative has aligned with the organization's efforts to assist thousands of cancer patients nationwide.

Gardner's leadership in the chamber builds on her established presence in the Port Clinton area. The business prides itself on reliability and customer satisfaction, with technicians known for thorough attention to detail and a no-pet-upcharge policy that accommodates families with animals. Clients appreciate the consistent quality that allows them more time for personal and professional priorities.

"The Chamber's Annual Dinner & Awards Ceremony is always a meaningful reminder of the passion and collaboration that make our community thrive," said newly appointed Chamber Chair Amber Gardner.

The Port Clinton Area Chamber of Commerce serves as a vital hub for business networking and community events in the region. Gardner's role as chair will involve advancing these efforts, drawing from her experience operating a service-based business that directly supports local homes, vacation rentals, and commercial properties. The appointment highlights the intersection of small business success and civic engagement in sustaining a vibrant local economy.

The Clean Team maintains a strong reputation for going above and beyond in every project. Whether preparing a home for everyday living or readying a property after construction, the team focuses on delivering

results that meet high standards of cleanliness and care. This dedication has helped establish the company as a trusted resource in the Lake Erie Islands area and beyond.

Gardner's move to Port Clinton marked the beginning of her deep connection to the community. What started as a personal decision to settle in a welcoming lakeside town evolved into a business that contributes to the area's quality of life. Through professional cleaning services and now through chamber leadership, she continues to invest in the place she calls home.

As the new chair, Gardner aims to support initiatives that benefit a wide range of local businesses. Her perspective as a small business owner who started operations during a period of growth for the region brings a grounded approach to addressing community needs and opportunities. The role provides a platform to amplify the voices of Port Clinton entrepreneurs and foster environments where businesses can succeed.

The Clean Team's services extend to helping property owners and managers maintain clean, welcoming spaces year-round. From routine maintenance to specialized deep cleans, the company's trained technicians handle diverse requirements with efficiency and care. This versatility has made The Clean Team a go-to provider for both seasonal visitors to the Lake Erie area and year-round residents.

Community involvement remains central to the company's values. Participation in efforts like free cleaning for cancer patients demonstrates a commitment to giving back. Such programs complement the chamber's work in building a supportive business ecosystem where organizations can collaborate on issues affecting the broader community.

Gardner's approval as chair represents recognition of her ongoing contributions. It also underscores the importance of active leadership in organizations like the Port Clinton Area Chamber of Commerce, which helps connect businesses, promote local initiatives, and drive positive development. Her tenure is expected to emphasize practical support for the diverse economic landscape of the region.

The Clean Team continues to operate with the same foundational principles that guided its launch: professionalism, reliability, and a focus on customer satisfaction. As Gardner takes on this new leadership position, the company remains dedicated to serving Port Clinton and surrounding communities with high-quality cleaning solutions.
